

LAWYER AIRS AIRCRAFT CASE IN SENATE

Bob Leads Cal By More Than 2 To 1 In Race

LaFollette Delegates at Large
in Great Majority Over
Coolidge Men
HALF OF STATE REPORTED
Outcome of District Delegate
Battles Still Is in Doubt in
Some Sections

By Associated Press
Milwaukee—With approximately
half the precincts in the state re-
ported from Tuesday's election delegates
at large pledged to the support of
Senator Robert M. LaFollette were
running more than two to one ahead
of those pledged to the support of
President Coolidge shortly before
noon Thursday.

In the race for Democratic dele-
gates at large in the state, those
pledged to Governor Al. Smith of New
York were holding approximately a
12,000 lead over those pledged to Wil-
liam G. McAdoo in a light Demo-
cratic vote.

OUTCOME STILL DOUBTFUL
Some question still remained as to
the outcome in the district delegate
battles. Many of the districts have
not reported a sufficient number of
precincts to give a fair indication of
which way the tide swung in Tues-
day's balloting. However, with the
exception of the first district and the
sixth, and on outside chance in the
second, LaFollette district delegates
won a sweeping victory over their op-
ponents.

On the face of the reports received,
the Smith men are winning over the
McAdoo men in the contest for dis-
trict delegates. According to infor-
mation received Thursday morning
many of those returns will not be
known until the canvassing board
meets. Several county tabulation bu-
reaux announced Thursday that the
ballots had been sealed and no addi-
tional returns would be available un-
til the official count is made public.

DAWES PROPOSAL SENT TO PRINTER

Presentation of Committee's
Report Looked for by Next
Sunday

Paris—"By Sunday if possible" is
the latest forecast by the secretariat
of the Reparation commission on the
date for the presentation of expert
committee's reports.

The committee completed the final
draft of its report Thursday and sent
it to the printers. Its members
steadfastly refused to confirm or de-
ny random guesses concerning the
figures as to the total exports of cap-
ital from Germany given in the docu-
ment.

The second committee is making
time while awaiting the completion
of the report of the first committee
headed by Brigadier General Charles
G. Dawes.

**HOLLYWOOD WOMAN, 92,
SEES HER FIRST MOVIE**
By Associated Press
Los Angeles—Although Mrs. C. R.
Stone, 92-year-old resident of Tujun-
ga, a suburb, has lived within gun-
shot of Hollywood's movie studios
since the first crude pie throwing
comedy days, she saw her first mo-
tion picture here Wednesday night.

Vote Spoils Girls, Noted Magna Says

By Associated Press
New York—Women suffrage has
brought in its wake a flock of evils to
womanhood, including abandonment
of decorum and the corset, according
to A. B. Zee, president of the Eleva-
tor Co. of that name.

Mr. Zee whose views on women
gained widespread publicity in No-
vember, 1922, when he refused to aid
the building fund of a women's col-
lege, Thursday launched another
brasserie on the subject in a letter
to the Lucy Stone league, which advo-
cates women's retention of their maid-
en names after marriage.

Since the advent of suffrage, he
writes, women drink more rum and
cocktails and smoke more cigarettes
than ever before. They walk the
streets swaggeringly with brazen
faces, they have abandoned corsets
and use more cosmetics than ever
before.

"When a woman dances with a
man," he adds, "she lolls on his shoulders
and tries to sit on his hips."
"Young girls," the letter says,
"have become insolent to their par-
ents, heartless and brutal and brazen
in their demeanor at school."

BOND ISSUE LOSES IN MANITOWOC-CO

Highway Improvement Measure
Is Defeated by Large
Majority

By Associated Press
Manitowoc—Manitowoc-co will not
engage upon a program of perma-
nent highway improvement at this
time. By a decisive majority of 1,704,
the voters of the county rejected a
\$3,000,000 bond issue to carry on a
ten year program and there is no
likelihood of a revival of the move-
ment for several years. Every rural
precinct recorded a vote of from 2 to
10 against the proposal and the vote
in the three cities, Manitowoc, Two
Rivers and Kiel, and the village of
Reedsville was insufficient to over-
come the opposition.

The vote was 7,519 against bonds
and 5,752 for. The campaign was one
of the most bitter ever waged in the
county and the largest vote in years
was polled.

PEPPER BLAMES DEMOCRATS FOR PARTY ATTACKS

Senator Says Both Parties Are
Damaged by Hostile
Tactics
LEGISLATION IS BLOCKED
Government Did Less for Farm-
ers Than Other Groups, Is
Charge

By Associated Press
Portland, Me.—Senate Democrats,
in endeavoring to inflict injury upon
the Republican party have succeeded
in discrediting both the great politi-
cal parties, Senator Pepper, Republi-
can, Pennsylvania, declared in a
"keynote" address here Thursday be-
fore the Republican state convention.

This discrediting process has reach-
ed the point, Senator Pepper asserted,
that "an irresponsible and highly
dangerous third party has actually
suggested itself to the extremists as
a practical possibility. The Demo-
crats," he added "have aimed at us
and America."

Senator Pepper charged that the
Democrats, making the most of their
strategic advantage in congress for
partisan political reasons, have
"created a situation in which con-
structive legislation is difficult, if not
impossible."

Senator Pepper continued, "the
administration forces have been able
to do little more than a beginning of
translating into law the program laid
down by President Coolidge in his
first annual message to congress."

"During the residue of this ses-
sion," he said "we shall do what we
can to move forward in the right di-
rection and rely upon the great popular
endorsement which we expect to re-
ceive next November to give us the
momentum necessary to complete our
program."

Declaring that government had
done less for farmers in general than
for other economic groups, the speak-
er said the constant effort of wise
legislators would be to reduce the
spread between the farmers' price
and the consumers' price. Two dan-
gers are to be guarded against, he
went on, one an "emotional emer-
gency relief" which wasted money
without doing good and the other
sectional legislation.

U. S. CONSULATE IN NEWCASTLE OPENED

Settlement of Anglo-American
Difficulty Brings Reopening
of Bureau

By Associated Press
Washington, D. C.—The American
Consulate at Newcastle-on-Tyne is to
be reopened after a year and a half
of controversy between the United
States and Great Britain over the
conduct of the consular officers
formerly stationed there.

Princess On Screen

Princess Marie de Bourbon (above), first cousin to King Alfonso of Spain, will soon make her debut in American movies.

Coolidge Chose Stone By Virtue Of Ability

President Had Battle Between
Political Expediency and Dic-
tates of His Legal Training.

By DAVID LAWRENCE
Copyright 1924 by The Post Pub. Co.
Washington, D. C.—President Coolidge decided upon the type of man
he wants for attorney general, and
has chosen Harlan Fiske Stone, for-
mer dean of the law school of Colum-
bia university, New York city.

The president has had a battle be-
tween political expediency and the dic-
tates of his legal training. Knowing
that the head of the department of
justice should be the best available
lawyer in the country, Mr. Coolidge
has felt that he could not use the
prospective appointment as a means
of reconciling the two political fac-
tions of the Republican party. The
opportunity for an expression of his
political friendship for the west will
be given when the time comes to
select a vice presidential candidate
and there is no concealment of the
fact that Mr. Coolidge would be high-
ly pleased if Judge William S. Kenyon
of Iowa were to be his running mate.
The president gave an indication of
how he feels toward the former sena-
tor from Iowa when he asked him to
be secretary of the navy recently.

The argument for the appointment
of Kenyon as attorney general has
been between the Iowa judge and
Dean Stone. But the deciding influ-
ence has been legal ability and talent
of administration. Some idea of
Dean Stone's position in the legal
world can be obtained when it is re-
alized that he was recently offered an
income of approximately \$125,000 a
year if he would join a certain law
firm in New York city.

Mr. Coolidge is a lawyer by profes-
sion and his investigation of the
qualifications of Dean Stone has con-
vinced him that he is one of the most
capable men in the legal world. Dean
Stone was born in Cheshire, New
Hampshire, 52 years ago. He is a
graduate of Amherst college, Mr. Cool-
idge's alma mater, graduating in 1894
just a year ahead of the president.
He has received many degrees
since then from other universities and
colleges. He became a professor and
lecturer on law and finally dean of
the law school at Columbia in 1910.
He was recently offered an important
connection with a big law firm in New
York and has been a director in the
Charlotte and Atlanta Air Line rail-
way and numerous other corporations.

ON LEAVE OF ABSENCE
Dean Stone resigned from Colum-
bia university and now is on leave of
absence. His resignation is to take
effect on June 30, next. The question
before him is whether he shall ac-
cept the lucrative offer made to him
by a New York firm or enter the gov-
ernment service as attorney general
at a moment when the eyes of the
country are fixed upon the president.
His task of naming a successor to
Harry M. Daugherty.

Ordered To Keep Out Of Daugherty Probe, Adviser Is Dismissed

MELLON MAKES NEW ATTACK ON ESTATE TAXES

Delay Caused by Rate Discus-
sions Holds up Bill to
Next Week

Washington, D. C.—Secretary Mel-
lon extended his arguments against
the increase in the estate taxes voted
into the revenue bill by the house in
his third successive appearance Thurs-
day before the Senate Finance com-
mittee.

Original plans of Chairman Smoot
allotted only one day for the hearing
of the treasury secretary, but drawn
out discussions of the tax rate upset
the schedule and leaders said Thursday
the bill probably would not be reported
to the senate before early next
week.

MAN DEAD, WIFE NEAR END IN DEATH PACT

Despondent Over Husband's
Poor Health, Couple De-
cides on Suicide

By Associated Press
Richmond, Va.—Holmes Cum-
mins, 54, well known local business-
man and socially prominent, shot and
killed himself, and Mrs. Cummins
dangerously wounded herself when
the couple, despondent over Cum-
mins' continued poor health, at-
tempted to carry out a suicide pact in
their fashionable apartment here
Wednesday.

Police who broke in after neigh-
bors' suspicions had been aroused
over prolonged silence in the apart-
ment, found Cummings dead with a
bullet through his head, a pistol
clutched in his hand, and Mrs. Cum-
mins suffering from a wound over
the heart. Belief was expressed that
the tragedy had taken place fully 12
hours previously.

Mrs. Cummings, a short story
writer of prominence, told the story
of the affair at the local hospital to
which she was taken.
"I shot myself; then Holmes took
the gun and shot himself," she told
the authorities.

COOLIDGE TURNS TO NEW APPOINTMENTS

President Must Name Members
of Mexican Claims
Commission

By Associated Press
Washington, D. C.—Having clean-
ed his slate of major appointments
through nomination of Harlan F.
Stone of New York as attorney gen-
eral, President Coolidge Thursday
turned to the Mexican claim com-
mission as the next official to be
named. The elections will be de-
cided by the president in consulta-
tion with Secretary Hughes.

Several federal judgeships remain
to be filled.
The president is understood to
have determined on the elevation of
Federal District Judge A. B. Ander-
son, of Indiana to the appellate court
but has not been able to select a suc-
cessor to Judge Anderson from al-
most a score of candidates.

ISSUE SUBPENAS IN TEAPOT PROBE

Oklahoma Man and Ohio Pub-
lisher Called on G. O. P.
Conclave

By Associated Press
Washington, D. C.—Subpenas were
issued Thursday by the Senate Oil
committee for the appearance here next
Monday of J. B. French, of Oklahoma
city, Okla., and Robert F. Wolfe, of
Columbus, editor of the Ohio State
Journal. Both will be questioned as
to gossip about oil deals at the Re-
publican national convention in 1920.

French is described as a political
associate of the late Jack Hamon, Re-
publican national committeeman from
Oklahoma. Wolfe was one of the man-
agers in Ohio for Leonard Wood.

**SITKA BY SATURDAY
AIM OF ARMY FLIERS**
By Associated Press
Seattle, Wash.—Sitka, Alaska, by
Saturday afternoon is the goal of
four United States army aviators who
are prepared to leave here at dawn
Friday on the next lap of the "round-
the-world voyage."

Committee Calls on Officer Who Dismissed Aide from Air Service

BARES LINCOLN MOTOR SUIT
War Department Officials "Tied
up" \$8,000,000, Wit-
ness Asserts

By Associated Press
Washington, D. C.—Thomas F.
Lane, until a week ago legal adviser
to the chief of the army air service,
told the Senate Daugherty commit-
tee Thursday he had been ordered "by
Voland of the air service" to "stay
away" from the committee and the
capitol. When he refused to be dic-
tated to, he said, he was "dismissed"
from the air service.

On motion of Senator Jones, Republi-
can, Washington, the committee di-
rected Chairman Brookhart to notify
Secretary Weeks at once of Lane's
testimony.

The witness also declared that pa-
pers from his own personal files in
connection with aircraft cases had
been taken from his brief case by Cap-
tain Voland.

URGENT NEW ATTACK
As legal adviser to the air service,
Lane said, he had recommended to the
secretary of war that the government
cases against the Standard Aircraft
corporation and other contractors who
supplied war materials, be reopened.
He declared he felt "there was some
ulterior purpose" behind his dismissal
and that he had been "shocked and
grieved" because he had "trusted" in
Captain Voland.

The committee decided to call on
Voland and direct him to bring with
him papers taken from Lane. Sena-
tor Ashurst suggested that Voland
be "attached" if he did not "appear
soon."

These papers, Lane said, included
his only copy of the report to Secre-
tary Weeks.
"I presume I was dismissed," he
said, "I don't know what my status is—
yesterday I found my private files
emptied, and all the papers taken from
the desk where I have worked for five
years."

The war department refused to ac-
cept the settlement in the Lincoln
case recommended by Attorney Gen-
eral Daugherty. Lane said, "but they
went ahead and settled anyhow."
"Were the assets in the hands of the
receiver enough to meet the govern-
ment's claim?" Chairman Brookhart
asked. "No," they were about
\$8,000,000.

8 DELEGATES WILL REPRESENT EAGLES AT STATE MEETING

Lodge Prepares for City-wide Membership Campaign This Month

Charles Schirumpf, Paul Sell, O. A. Kuntz, A. G. Koch, F. J. Rooney, Andrew Schiltz, H. F. Wegner and Barney Wellhouse were elected delegates to the state convention at Beaver Dam June 18 to 21 at the meeting of Fraternal Order of Eagles Wednesday evening. The alternate delegates are Wilbur Bogan, E. H. Vandebogart, J. J. Hauert, Elmer Koerner, J. Jansen, David Muench and E. Tor-now.

Preliminary arrangements were made for a membership drive in April. Appleton will be divided into six districts, according to wards, and a team will be assigned to each district. The captains were selected Wednesday evening and they in turn will select their teams. Names of workers will be announced at a meeting next Monday evening.

The second Wednesday evening was a booster meeting arranged by the committee on membership and attorney J. J. Rooney was the speaker. The talk was followed by a song.

A special state membership drive is to be held in May which is to be known as the "Eagle" drive in honor of the past state president who died at his home at Wausau on March 18.

A public memorial service for deceased members will be held at 2:30 Sunday afternoon.

Lacerates Hand

William Foss, driver for Dairy Specialty company, lacerated his hand Wednesday on a milkbottle he was carrying in slighting from the delivery wagon he shipped and fell on the bottle.

The Weather

FORECAST FOR APPLETON (By Schlafer Cycle-Stormograph) Unsettled, increasing winds and warmer.

FORECAST FOR WISCONSIN (Official) Increasing cloudiness, probably rain in west and central portion tonight or Friday, and in east portion Friday. Somewhat colder in west and north portions tomorrow.

WEATHER CONDITIONS

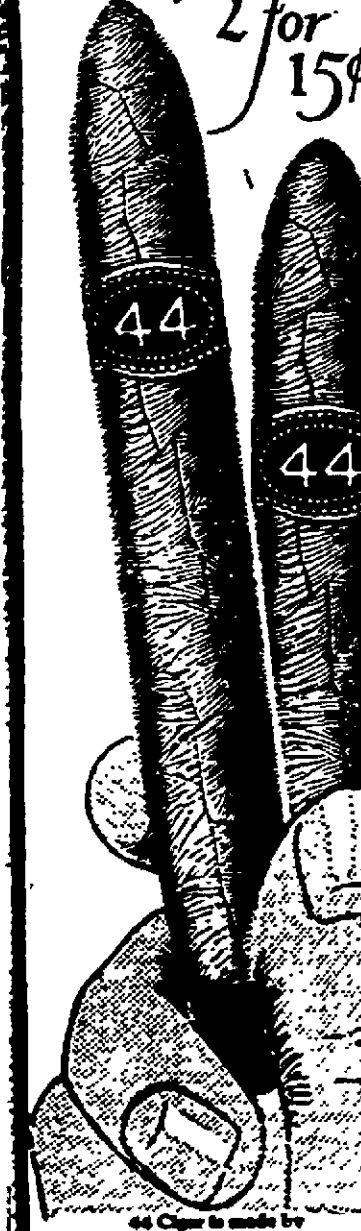

Weather is fair from Mississippi River and Great Lakes eastward. Indications for this section are for somewhat unsettled weather.

City Nurse Has Office In City Hall

MISS FLORENCE WHIPPLE
Miss Florence Whipple, Appleton's newly appointed city nurse, began her work on Tuesday, April 1. In order that people who wish to get in to communication with her may know how to reach her she has announced that her office hours are from 8 to 9 in the morning and from 1 to 2 o'clock in the afternoon. Any telephone message left for her at the city hall will be delivered. During the day, Miss Whipple will be out of the office on calls, but during her office hours she will be found at her desk in the council room.

SCOUT TROOP 2 WINS RALLY WITH TROOP 8

One of the closest and most interesting rallies of scout troops took place Wednesday night in Appleton high school gymnasium between Troop 2 of Methodist Episcopal church and Troop 8 of First Congregational church, first honors going to the Methodist troop. There were nine events, four of which were won by the Congregational troop and five by the Methodists.

Troop 8 won the drill. Troop 2 won relay knot tying and also the first and contest. Troop 8 won the rescue race and the signalling. Troop 2 won the individual knot-tying. Troop 8, the cap race. Troop 2 the antelope race, bringing the score to a tie. Only the scout that each troop put on remained, and this was won by Troop 2.

Boyd Schweiger and John Zussman judged the events. Dr. G. W. Carlson is scout master of Troop 2 with Joseph Chandler as assistant. C. Willard Cross is executive of Troop 8 with Harry Leith as assistant. A basketball game between the two troops followed which was won by Troop 2 with a score of 17 to 4.

PAINTERS HEAR ADDRESS ON PAINT MANUFACTURE

Twenty-five local painters, guests of Schlafer Hardware company at a meeting at the company's store Wednesday evening, were addressed by Andrew Fenn of Chicago, branch manager of the Patterson-Sargent company. The speaker explained the manufacture of leads, oils, paints and varnishes and illustrated his talk with stereopticon slides. The talk was followed by a smoker.

C. M. Brainerd, 820 State-st., who fell about three weeks ago and injured his back, is recovering slowly.

RAPID INCREASE IN POSTAL BUSINESS

Business at the Appleton postoffice is increasing at a more rapid pace than the average postoffice in the country. Postal receipts handled by the local office during the first quarter in the year 1924 amounted to \$25,296.10, as compared with \$20,219.26 collected in the first three months of the year previous. The difference of \$5,076.84 represents an increase of 25 per cent, whereas the average rate of increase throughout the country is only 8 per cent. The receipts include stamp window transactions, sales of postage stamps, cards and envelopes and newspaper and parcel post postage.

Salaries and allowances for auxiliary clerk hire are dependent upon the amount of postal receipts. For that reason the United States postal department encourages large business firms, and especially branch offices and plants of large firms, to patronize the home postoffice when they buy their supply of stamps.

WATER BUBBLER WILL BE SET UP ON COLLEGE-AVE

Water Commission Will Maintain Iced Drinking Fountain

There will be less "dries" in Appleton this year than in previous years. People who have contracted a lingering thirst ever since a memorable July 1 some five years ago may now take fresh hope. For a public water bubbler is to be installed in the heart of the business district soon. Yes, there will be plenty of cool, refreshing water after the fountain is established at the corner of Oneida-st and College-ave. It will be installed in front of the Citizens National bank. Coils underneath the pavement will be packed with ice to give this.

BUSINESS IS ON UPGRADE, HEADS OF RAILROADS BELIEVE

Rail Officials Say Prosperity
Will Remain Awhile—Farm-
er Worries

Chicago—Now that 1924 has got well started around the track, what sort of year for business is it proving to be?

The question was put up to the heads of transcontinental railroads, who should know, if anyone does, just what and where and how much the people of the nation are buying and selling and carrying on trade.

"Business moves in broad curves rather than by jumps and jerks; and now it is on the upward slope," answers President William H. Finley of the Chicago & Northwestern.

BUSINESS BOOMS
The year 1923 established a new record for the railroads, and it does not now seem that this record should be regarded as extraordinary or unlikely to be matched," says President W. B. Storey of the Santa Fe.

And the eastern roads, reporting to the Middle Atlantic States Federal Advisory Board, estimate that shipments of most commodities in their territory this year will exceed those of 1923 by more than 10 per cent.

That figure is given for such commodities as lumber, petroleum, cement, automobiles, shoes, silk, cotton and copper, for confectionery and chocolate the increase is predicted to be 25 per cent. Shipments, of course, mean work for factories, money flowing through the banks and enjoyment by the consumers.

FARMER WORRIES
Prosperity and good times have come to tarry a while.

"I am much more optimistic than I was last fall," declares President Finley. "I believe business will be better than it has been since the railroads were returned to private control."

"The only fly in the ointment is the predicament of the farmer. I do not see any great relief for him immediately. Artificial remedies, such as price fixing by law will not solve the problem."

"If you ask me what is the greatest danger to the country, I'd say it is in the people living beyond their incomes. But in spite of adverse factors, in spite of the retarding effect of a presidential election, I expect business to continue good."

Just as a matter of figures, to support what the officials are saying, the car service division of the American Railway Association reports that for the first seven weeks this year, the loading of revenue freight was 6,142,670, while for the same period last year it was 5,805,377. In 1922 it was a million cars less.

ON THE SCREEN

**BARTHELMISS AND MAY M'AVOY
SANS MAKEUP**

"The Enchanted Cottage," which will be shown at the Elito theatre Monday, Tuesday and Wednesday, promises to be the finest of the series of films Richard Barthelmis has done for First National. It will undoubtedly attract the fans because it presents Barthelmis and May M'Avoy in character portrayals considerably different from anything else they have ever attempted. And it will also please those who like to see these two players at their natural selves, for in a part of the film they work without character makeup.

For the garden and cottage set which is used in the picture, real sod and artificial trees and flowers were laid on the studio floor to give the effect of a bit of English countryside. The exterior and interior of the cottage, designed by Livingston Platt, are excellent illustrations of good taste in studio design.

"The Enchanted Cottage" is an adaptation of Sir Arthur Wing Pinero's romantic play and is brought to the screen under the able direction of John S. Robertson.

**GIRL NEVER FORGETS WRONG
DONE HER BY HAUGHTY
WOMAN**

In "The Angel of Crooked Street," which will be shown at the New Elito theatre Friday and Saturday, Alice Calhoun assumes the role of a young maid in the employ of a rich woman, and because of circumstantial evidence is sentenced to five years in a reformatory. The girl never forgets the coldness and cruelty of her former employer, who easily could have secured for her a lighter sentence. In the midst of her incarceration at the reformatory the girl hears of her mother's death. This further embitters the innocent girl and she plans to avenge herself upon the woman who was a factor in sending her to prison. After leaving the reformatory, Jennie falls in with a gang of crooks who befriended her and grow to love her. They give her the name of "Angel Face." At a restaurant Angel Face meets with Schuyler Sanford, son of the rich woman upon whom she wishes revenge. She intrigues to entangle the young man into a love affair as a means of revenge, but hate turns to love and she is victorious. These things do not come to pass without a tangle of attempted crime and heart burnings that threaten complete ruin of the young girl's life. In the end her woman's heart shows her the right way out.

**FIRST BIG ROLE FOR BABY
PEGGY IN CROOK DRAMA**

There must be several dozen children of more or less prominence in the motion picture field, but every once in a while public fancy becomes so centered around a particular child player that it is heralded as a star.

Prophets

WILLIAM H. FINLEY

W. B. STOREY

The producers, quick to grasp this sentiment, immediately capitalize it, to the satisfaction of the motion picture public. For the public has undoubtedly its favorites among child players as well as among grown-ups and insists on seeing them in featured roles.

This demand on the part of the public, it would appear, has brought about the transfer of Baby Peggy, heroine of Century comedies, to the starring role in a Universal-Jewel production, "The Darling of New

The first day you take Rheuma, the doctor's remedy that is selling so rapidly, you'll realize that when Rheuma goes in uric acid goes out.

It matters not whether you are tortured with pain, crippled with swollen joints or distressed with occasional twinges, Rheuma is guaranteed to end your rheumatic trouble or money back.

Rheuma is just as effective in cases of lumbago, sciatica, arthritis and chronic neuralgia.

Rheumatism is a dangerous disease. It often affects the heart and causes death. If you have it in the slightest degree get a bottle of Rheuma from Schilintz Bros. or any good druggist today and drive it from your system at once.

ARRANGE FOR RELIGIOUS SERVICES IN INDUSTRIES

A series of noonday meetings, for which Appleton Ministerial association will furnish the speakers, will be held at several industrial plants in Appleton during holy week. Among those to be visited are Appleton Wood Products company, Appleton Machine company, Appleton Woolen Mills, Valley Iron Works, Hayton Pump & Blower company, Northern Boiler Structural Iron Works and Patten Paper company. The speakers will be announced later.

York," which opened today at the Elito theatre.

The tiny star, whose age is around four years, is cast as the central figure in a dramatic crook play. It was directed by King Baggett who, with Raymond Schrock, wrote the story.

PACT IS NEEDED TO THWART TAX DODGER

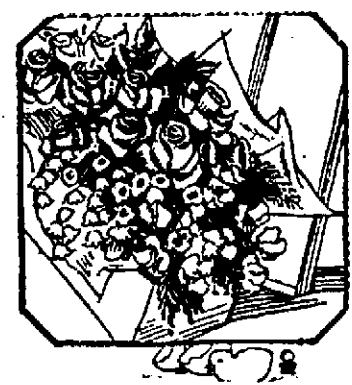

By Associated Press
Geneva—Governmental tax experts who met here recently unanimously recognized the necessity of international agreements to aid in the apprehending of tax dodgers that they might be forced to meet their obligations.

The double payment of income taxes was stamped as undesirable, but the experts of many countries who are working for an international taxation treaty favor a thorough exchange of information so that fraudulent payments of taxes at home or abroad may be checked. The double payment of income taxes arises from persons being obliged to pay the tax to their home countries and also to a country in which they may be temporarily residing.

THE PICTORIAL REVIEW SUMMER FASHION BOOKS — 25c

Gloudemans- Gage Co.

APPLETON, WIS.
WHERE LOWEST PRICES PREVAIL

HERE ARE COATS TO PLEASE YOU

Hundreds of New Arrivals
With Every New Style Note

More than a hundred wonderful New Coats have just arrived on the scene and combined with the extensive selections already in stock — you'll have no difficulty to find one to please you at no matter what price you wish to pay. In fact you'll find your expectations of a New Spring Coat more than fulfilled when you see these new models, for motoring, for utility and for dressy occasions.

New Tailored and Boyish
Cut Suits, Silk Frocks, pretty
Linen Dresses, Tub and Silk
Blouses, in the season's most
approved fashions are here in
a most extensive collection.

FINELY TAILORED DRESS COATS

\$35.00 — \$39.75 — \$49.75

Three groups of coats that offer unusual value — and display all the features of the best made garments. In every case the workmanship accentuates their perfection. Some are straight in line, others in wrappy effects, lined throughout. Materials are Twill Cord, Twillenes, Geron, Cordanna, Brytona, Veltone, Flamingo. Spring's newest and most popular colors of Sand, Grey, Reindeer, Log Cabin, Brickdust, Tan, Cocoa, Zinc, Mexico, Navy and Black. A particular fine choice at these three prices of \$35.00, \$39.75, \$49.75.

FUR TRIMMED DRESS COATS

\$75.00 to \$95.00

Decidedly smart are these coats of fine twill cords, with collars of summer furs. Wrappy effects are the rule, with large sleeves, silk lined throughout. Novel effects of silk braid trimming on models giving the appearance of fringe. Tan shades predominate. These coats are designed for unusually smart dress wear and are priced very moderate considering the fine and distinctive tailoring. \$75.00 to \$95.00.

THE NEW DRESSY CAPES

\$22.50 — \$25.00 — \$39.75

The smartness of these new capes is shown in the easy, versatile style in which they are modeled. Of luxurious velvety fabrics of Brytona and Geron, lined throughout, straight line clinging models, a garment that will be favored for this spring. Popularly priced at \$22.50, \$25.00, \$39.75.

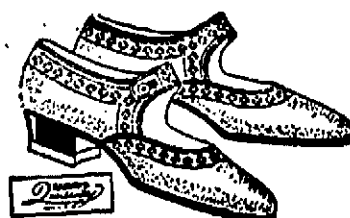

SPORT AND TOP COATS

Large Selections
At These Prices

\$12.75 — \$16.50 — \$19.75
\$25.00 — \$35.00

No matter what sort of sport or top coat you may require, you will find it in one of these groups. Of soft wooly materials, Teddy Bear, Downy Wool, Llamalaine, Polo Cloth, Flamingo, Plaids, Stripes and plain colors of Rust, Green, Bright Blues, Gray and several shades of Tau. Straight of line, flare and belted models, sizes from 16 to 52. Specially priced in five exceptional groups at \$12.75, \$16.50, \$19.75, \$25.00, \$35.00.

A FEDERAL EDUCATION BUREAU

A bill for the nationalization of education in a federal bureau, known as the Sterling-Reed bill, is pending in congress and is vigorously supported and opposed. It is one of the measures concerning which the public should inform itself thoroughly, so that congress may get the sentiment of the people before it takes final action.

The one, strong argument advanced in favor of the bill is that active interest in education by the federal government would be instrumental in reducing illiteracy. As education is the best means of raising the standard of citizenship, and therefore of strengthening democracy, it is argued that the federal government should foster education.

The bill is in line with the general trend, during and since the war, toward centralization of government. It is in line with invasion of state's rights by federal authority. The educational system which the bill would establish would increase the central government's power over the state, the home and the citizen.

Whenever a new bureau is instituted in Washington, the certain consequence is a large increase in governmental expenses. In the national educational system the federal bureau would influence education in the states by making appropriations from the federal treasury. Of course, money would be appropriated to unnecessary, and in many respects useless purposes.

Illiteracy can be reduced best by the effective work of each state and each community, and at less expense. Illiteracy is a national problem, but only as a state and local problem. Each state and community should provide the money to promote education, and each should do the work itself without help from outside.

A federal educational system would mean higher taxes, as it would mean large appropriations. It would mean centralization in a federal bureau. It would mean further interference in state affairs. It would mean further development of paternalism. These are questions which the general public should consider seriously.

SHAKE WITH THE CANDIDATE

A presidential election is coming and the voice of the candidate is heard throughout the land. Of course, the candidate is somebody's favorite son and he wants the job because he wants the job. While we look him over and seek to make a fair and impartial estimate of his qualifications for office, let us turn to the fifteenth chapter of the Second Book of Samuel and study a celebrated prototype of the eternal candidate. His name was Absalom.

"Absalom rose up early and stood beside the way of the gate; and it was so that when any man that had a controversy came to the king for judgment, then Absalom called unto him and said: 'See thy matters are good and right, but there is no one deputed of the king to hear thee.'"

In other words, things were at sixes and sevens in the government, the party in power had held too long its warrant from the people, and the country was going to the dogs. But our candidate had a cure for it all. Said he:

"O that I were made judge in the land; that any man which hath any suit

or any cause might come to me, and I would do him justice." So, crafty Absalom gave them argument number 2; we need a change, put me in power, and I will bring about the better times we all cry for.

"And it was so that when any man came to him to do obeisance Absalom put forth his hand and took him and kissed him."

Our modern candidates eschew the kissing. But the handshaking is still a time-honored custom. Absalom invented it. And, according to the record, he "stole the hearts of the men of Israel," with his hand-warming campaign in behalf of the oppressed.

The points of comparison between Absalom and our modern demagogues are many. But in one regard the analogy ceases, and in this there is a distinct loss to us.

Absalom closed his barn-storming career by getting hanged upon a tree!

FOOD AND LUXURY

It is not pleasant to think that one part of the American people has been living in luxury which is partly due to the financial difficulty of another part. Yet the United States labor bureau in its recent report amply proves the existence of this condition.

Retail food prices are only 50.3 per cent higher than before the war. But clothing is 76.3 per cent higher, housing 66.5 per cent higher, fuel and light 84 per cent higher, and other items 101.7 per cent higher. Hence of the home income a smaller percentage is spent for food than before the war, and more is available for luxury.

The bureau offers an interesting comparison in support of this point, between two cities—Boston, where food prices as in most cities throughout the east are high; and Seattle, whose food costs are about as little as in any American community. The percentages spent by average families for various items of living expense are as follows:

	Boston	Seattle
Food	44.5%	33.5%
Clothing	15.5%	15.5%
Housing	12.8%	15.5%
Fuel and Light	5.6%	5.4%
Furnishings	3.3%	5.1%
Miscellaneous	18.3%	24.7%
Total	100.0%	100.0%

Seattle has 6 per cent more of its income for "miscellaneous"—the theater, gasoline, parties, trips, etc. It has more to spend on its clothes and its homes. This advantage of a cheap food town over a dear food town is similar to the advantages of the 1924 average urban citizen over the 1912 average urban citizen. Dividing his 1924 income, which is based on high profits and wages payable from the sale of city-made goods and city-monopolized services like those of professional men, he has to set less of it aside for steak, milk, potatoes, etc. And he can spend a correspondingly larger part upon the things which make life easy.

The trouble is that the farmer is left out in the cold. He has to buy high priced urban things out of the proceeds from his low-priced sale. Consequently he and his boys have been leaving the farm and coming to town to be on the winning side. If this squeezing process keeps up long enough the prices of food will climb up alongside the prices of housing and fuel and light and furnishings. Every farmer who comes to town means a smaller food supply and another city mouth to feed.

It is a grim process, but there is no justice in maintaining a condition where the congested part of the nation lives fat upon the leanness of the rural part.

TODAY'S POEM

By Berton Braley

SOLITUDE

"Laugh, and the world laughs with you.
Weep, and you weep alone."—Ella Wheeler Wilcox.
Well, that's all right, if I must weep,
I'd rather weep alone.

For be my woes however deep
Why should I wall and groan,
Asking the world at large to shed
Salt tears because MY eyes are red?

Mirth is a social thing, and half
The fun of it were lost
Without someone to share the laugh.
A joke's an awful treat
Without someone to tell it to,
And snort in company with you.

But you can weep alone and get
Oh, quite as much relief
As though you shrieked alone and met
A crowd to join your grief.
Thus to the world my mirth is shown,
But I prefer to weep alone.
(Copyright, 1924, NEA Service, Inc.)

To the pure all things are pure, but to the simple
all things are complicated.

If golf interferes with your work get a job as
boss.

Health Talks

BY WILLIAM BRADY, M. D.
Noted Physician And Author

Dr. Brady will answer all signed letters pertaining to health. Writer's names are never printed. Only inquiries of general interest are answered in this column, but all letters will be answered by mail if written in ink and stamped, self-addressed envelope is enclosed. Requests for diagnosis or treatment of individual cases cannot be considered. Address Dr. William Brady, in care of this paper.

HURRYING-UP STUFF

Famous Harley Street specialists have a habit of saying in a box on the front page what I have been yelling here for years and years without anybody hearing me. Some day I want to have an office in Harley Street, London.

Haven't said much lately about the vitamins. Tried to get people trained to the shorter spelling but find they stick to the leisurely form, vitamins, and probably they pay as little attention to everything else I say about vitamins; so I've been avoiding the subject for a while. But now it is time to announce the latest physiological facts about vitamins. Not that I will make any difference, yet somehow I feel that a stray fact or two should be offered the public occasionally, just by way of variety and change.

It is true the vitamins never worried us much in the halcyon days when spring blood purifiers and liver complaint were the vogue, and in commenting on such matters people of limited observation and intelligence are wont to opine that folks were healthier and stronger in those days than they are now—an idea as palpably false as it would be to declare that people covered more ground at greater speed in the old horse and buggy days than they do now. The scientists who have learned from animal experimentation all we know about vitamins have made a great contribution to the development of a healthier and happier race, since they have taught us how to prevent or avoid many disease conditions or impairments of health which, in the old days, we thought inevitable.

The man who discovers a cure for a disease finds fame if not fortune awaiting him. The man who discovers how to prevent a disease courts oblivion and often suffers calumny and detraction. Such is the history of medicine. I have kinds of vitamin lately because I found that some of my stuff was being appropriated piratically. The analogy doesn't apply at all points, but everybody knows how the devil can quote scripture to his own ends. Certain fruits and vegetables retain a considerable part of their vitamins for many months when canned by the vacuum process, though not when canned by the ordinary home cooking process, because the cooking with access of air, as in home canning, involves oxidation and that seems to be destructive to vitamins.

A deficiency of Vitamin B in the diet is a cause of intestinal stasis, constipation. A deficiency in vitamin A is a cause of diarrhea in some instances. A more liberal use of foods which contain Vitamin B is advisable for persons who have intestinal stasis, constipation. These items furnish considerable Vitamin B: Eggs, flaxseed, wheat germ or whole wheat, beans, peas, liver, nut, yeast.

QUESTIONS AND ANSWERS

Husband Gelling Up Speed
I am a former trained nurse, aged 51, height 62 inches, weight 154 pounds. I am anxious to reduce, because my husband wants to run around with skinnies. (Mrs. B. E. S.)

Answer.—If that's all you weigh, your husband ain't got out of a walk yet. Nevertheless and to the contrary notwithstanding if you will send along a stamped envelope bearing your address I'll do my best to keep your husband sitting around the house nights.

Not Personally Investigated
I would like to have your personal opinion about the Abrams system. I have seen various articles about it. Being a doctor you have no doubt investigated this proposition carefully. (P. M. L.)

Answer.—One would have to be, rather, a professional investigator with a large staff of experts at one's command, to investigate every new short-cut "system" that gets a little free publicity in certain magazines. The Abrams vagaries have been carefully investigated by people competent to investigate, and found absurd. The proposition is plausible, though, to the layman; I can see that.

Time for Boys to Hit the Hay
I have two boys, one aged ten and the other aged 14. Kindly tell me the correct time for them to go to bed. (E. H.)

Answer.—The ten year old boy needs 11 hours sleep, and the fourteen year old boy needs 10 hours sleep every night, during the school year. In vacation time they may shave the sleep ration from half an hour to an hour.

Copyright, John F. Dille Co.

LOOKING BACKWARD

THIRTY-FIVE YEARS AGO

Thursday, April 6, 1889.

H. D. Smith was in Chicago on business. C. P. Richmond, W. S. Taylor and R. A. Hatch were registered at Green Bay hotels.

William Uckerman returned to Green Bay after a several days visit with Appleton friends.

The Misses Carrie and Sarah Shipman returned from California, where they spent the winter.

Amos Adelt returned home from Chicago Dental college from which he graduated the day previous.

Appleton Pickle and Preserving company shipped a crate of pickles to Uncle Sam's soldiers in the Philippines.

The body of Miss Anna Cooley, who died at Dayton, Ohio, arrived in Appleton for burial on a late afternoon train.

Appleton Folly company, a local minstrel organization which included T. E. Kennedy, R. W. McGowan, C. E. Smith, E. A. Jacoby, E. C. Seale, and M. H. Greulich, gave a performance at Appleton on Wednesday evening.

At the council meeting Wednesday evening M. Hutchinson of Weyauwega addressed the audience in relation to a petition asking for a permit to construct an extension of the Little Wolf Telephone company and the construction of a central system in Appleton.

TEN YEARS AGO

Thursday, April 2, 1914.

Dr. H. T. Johnson attended a meeting of Fox River Valley Osteopathic association at Green Bay.

The Woman's Christian Temperance Union was to hold a parlor meeting in the lecture room of the Carnegie library the following afternoon.

Attorney John F. Baker of Madison, representing the state fire marshal's department, was at Kaukauna the day previous conducting an investigation in the dynamiting of the cheese factory at Hollandtown two weeks previous.

Christine Miller, American contralto, was to appear on the all star artist's series of the Lawrence conservatory of music on April 7.

George P. Hitchcock of Chicago called on Appleton friends.

Charles Pauls of Seymour was in the city Wednesday on a business visit.

Miss Anna Green of Appleton and Louis Miller of Neenah were married at Zion Lutheran parsonage the previous evening.

Among those who filed nomination papers for supervisors were Harry Shannon and Louis Bonini. First ward: John Stark. Second ward: Joseph Beyer. Third ward: Nic Schaefer. Fifth ward: Max Hoffman. H. Jungo, E. Koss, Sixth ward.

SEEN, HEARD

IMAGINED

---that's all
there is
to life

ACID TEST FOR OPTIMISM

As the movie director would say, Can you register joy?

When chasing your hat through the mud on a windy, rainy day?

When you have a tooth pulled?

When you make out your income tax report?

When you hear funeral bells on the day after election?

When you run out of gas 10 miles from a filling station?

Well, if you say you can, you're elected—to the presidency of the Ananias club.

We assume that hereafter, whenever an action of the council is vetoed, the favorite expression of aldermen will be, "Good land!" And what would be more natural of our congenial mayor than to answer, "It certainly is."

It doesn't make much difference what your past has been, unless however, you decide to run for office.

After answering telephone inquiries on election night, members of this staff vowed never to cuss a telephone operator again.

I DON'T

Most motorists are blooming fools. They trifle with the traffic rules. I don't.

A man should never drive so fast. Or brag about the ears he's passed. I don't.

On city streets or open road, A man should never break the code. Nor fellow-farers incommode. I don't.

He should not scare equestrians, Nor chase the poor pedestrians. I don't.

In fact I have no car to run. You'd think I miss a lot of fun, I don't.

Well, it's all over but the shouting. And all the shouting to have heard since the election is, "I told you so."

Now is the time for all dopsters to broadcast their alibis on why their man did not win.

Now if Dame Nature doesn't throw another wet blanket on our spring plans, maybe we'll be able to shed 'em this time.

Bandit Storks?
"A ten pound baby girl was born to Mr. and Mrs. Henry E. Smith of 30 West Fourth-st. Tuesday evening. Entrance to the house was gained through window opened with a jimmy." (Mistake in makeup in St. Charles Times.)

We wonder if inmates of the county jail ever develop a case of spring fever.

Will the old type of boss-rule be established in the city hall? The night of the election the word was passed around that "Bosses wins and Rule is returned."

ROLLO.

Rest Posture Is Different For Most Everybody

(From the Continental Edition of the London Mail.)

What is the ideal position for the sleeper and is it possible to cultivate it? Doctors, I know, have no very helpful suggestions to make. One prepared for me, however, this list of 12 sleepers under his care at a certain hospital. None suffered from a complaint which would have marked influence on normal sleeping habits:

Off pillow. Apparently liked head on level with rest of body. Mouth open. Hands clutching sheets and blankets.

Under bedclothes. Invisible. Did not disturb as patient rarely could sleep.

On back. Head thrown well back so that pillow was rarely at neck. Chin thrust out. Hands crossed middle, nearly clasped.

Hands held bedclothes up to mouth. Head bent forward, on left side. A very old man, this.

Right thumb in mouth. Left hand held right wrist. A child.

On back. Knees drawn high up. Hands closely lying outside bedcloths. On right side. Fingering of left hand thrust through buttonhole of pajama jacket. Right arm tucked under side.

Left cheek rested on open palm of left hand. Right hand hung behind the body.

Pushed close up against wall, so lying on edge of metal bed. Clothes pushed contemptuously away. This one had been accustomed to roughing it.

Two extra pillows. Sleeping or endeavoring to sleep, practically sitting up. Nurse said patient rarely did more than doze.

On face, arms over head, knees drawn under, so that sleeper seemed to be burrowing.

An exact Z. Head and shoulders bent down and legs turned back from the knees. Hands outspread as if pushing something away.

The Question Box

(Any reader can get the answer to any question by writing The Appleton Post-Crescent, Information Bureau, Frederick J. Haskin, Director, Washington, D. C. This offer applies strictly to information. The Bureau cannot give advice on legal, medical, and financial matters. It does not attempt to settle domestic troubles, nor to undertake exhaustive research on any subject. Write your question plainly and briefly. Give full name and address and enclose two cents in stamps for return postage. All replies are sent direct to the inquirer.)

Q. In automobile racing, is there such a thing as an invisible tow-line?

A. A. This so-called tow exists only on the board tracks in speeds of better than ninety miles per hour; it is the suction of the machine in front caused as it travels through space, and can be likened very much to an inverted funnel. If the car back of it can keep within the space which would be equivalent to the spout of the funnel, it is taken along at the same rate of speed as the car which is creating the vacuum. This method of riding is used quite often by the slower cars. Its disadvantage is that the motor picking up such a tow has no means of cooling and the motor is inclined to over-heat very quickly.

Q. How can lemons be kept from drying up? G. A. M.

A. If lemons are put in a Mason jar which is sealed they will keep from one to three months.

Q. In what State are there the most people who draw pensions from the Pension Bureau? D. T.

A. Ohio leads the list with 51,206 pensioners who received a total of \$24,498,460 during the last fiscal year.

Q. When was the purchasing power of the farmer's dollar at its highest and when at its lowest? R. M. C.

A. A table prepared for Congress by the Joint Commission of Agricultural Inquiry shows that the purchasing power of the farmer's dollar reached its highest point, 112 cents, in 1918 and in 1919, and was at its lowest, 81 cents, in 1896.

Q. To whom did Dryden refer in these lines: "With leering looks, full faced and freckled fair, two left legs, and Judas-colored hair, and frowny pores that taint the ambient air?" A. I. S.

A. Dryden thus described his publisher.

Q. Is the Mellon Institute of Industrial Research a commercial or organization or is it endowed? J. A. S.

A. The Mellon Institute of Industrial Research possesses an endowment of its own, totaling over half a million dollars. The system of cooperation between science and industry, founded by Robert Kennedy Duncanson, forms the basis of the work of the Institute. According to this system, an individual or a company having a problem requiring solution establishes a fellowship by contributing to the Institute a definite sum of money for a period of not less than one year. This money is used to pay the salary of the man or men selected to carry out the investigation desired, while the Institute furnishes all the necessary facilities. The Institute occupies a building especially designed for its needs erected at a cost of \$350,000.

Q. How many miles is it to the North star? J. R. D.

A. The Naval Observatory says the distance to the North Star is about fifty light years, one light year representing about 6,090,000,000,000 miles. It is therefore 300,000,000,000,000 miles to the North Star.

Q. How is "valet" pronounced? W. E.

A. The word has been Anglicized and the final "t" is sounded. The French do not sound the "t", the "e" having the sound of the English long "a."

Q. How many net tons of bituminous coal would there be under an acre of land, average height of vein of coal 36 inches, allowing for stumps and waste and coal lost through pillars? H. J. G.

A. The Geological Survey says that in estimating coal in reserve they figure that in a vein of coal one foot thick there would be 1800 tons under an acre. In a vein three feet thick it would amount to 5,400 tons. About one-third is estimated in waste, therefore, mined, it would amount to about 3600 tons. The amount might be some less or possibly more.

Q. How many oil wells are there in the United States? O. P. S.

A. There are about 235,000 oil wells in this country.

Q. In the Sargent exhibition now being held in New York, I find a portrait listed as that of Mrs. Burkhart. Has this been known by another name? G. M. B.

A. This canvas is generally called "Girl with a Rose." The portrait was executed in 1882.

Q. What does it cost a year to send a child to public school? C. B. H.

A. The expenditure for public schools per pupil in average attendance in 1920 was \$44.16. There are no available figures as to the cost of sending a child to public school.

Q. Is the Panama Canal lighted by union carbide or by electricity? C. J. H.

A. The Panama Canal is lighted by gas and electricity. The inaccessible lights are operated by means of compressed acetylene dissolved in acetone. The locks are illuminated by 400-watt tungsten lamps with concrete reflectors.

Q. How many cars are there in the average passenger train? A. K.

A. Passenger trains averaged 6.4 cars per train in 1921 and 1922.

Q. What people first tattooed themselves? T. A. McC.

A. The South Sea Islanders were the first people to tattoo their bodies. There is a superstition among sailors and men of the sea that animals tattooed on their bodies ward off the evil spirits of the sea. A pig, for instance, on the left instep, was supposed to keep the wearer from drowning.

As gay as a striped tent

—THE NEW SHIRTS AND NECKWEAR—

Men's clothing this Spring is ultra conservative.

The authentic designers have eliminated the plaits, belts and other frills—they have taken the kick out of the highball so to speak—HERE ARE THE RAISINS!

No—don't be frightened, Mr. Neat Dresser, the new shirts and Ties are colorful—some, gay perhaps—but it's the kind of gayness that men wear on the street and not on the stage.

Come see them—You'll like them!

The Shirts from Eagle \$2 to \$5.
The Neckwear from \$1.00 up.

Playhouse Is Workshop For Tale Of Fox

Want More Helpers to Build Scenery for Industrial Program

Lots and lots of things are growing at Appleton Womans club Playhouse since Miss Louise Guernsey of Chicago came here to work on the scenery for the "Tale of the Fox," which will be given at Lawrence Memorial chapel on April 23 and 24. Miss Guernsey came to Appleton with most of the scenery sketched ready for reproduction and she is being assisted by Appleton people interested in scenery and painting in the work of making the reproductions.

Since Wednesday several large trees have been constructed. A windmill with grass and flowers growing beneath it, which will be part of the setting for the opening act of the production is in process. Several tableau frames are being worked upon.

The prize piece of stage setting so far is the stove which has been constructed for the "Tale of the Fox." When you see the stove in the production, you will never dream what it is made of nor how the various details have been worked out. There will be no objection to your taking a peek at it in the studio any time during the day.

Work on the front piece of the furnace which is used as a background for one of the dances is well underway. The furnace requires a great deal of work and is to be a replica of one in the tissue mill of the Tullman Pulp and Paper company.

Each day new things are added to the list. Miss Guernsey would be pleased to have more workers. Any one wishing to sign up for two periods of three hours each between now and the time of the pageant is urged to telephone the office of Appleton Womans club.

CHURCH SOCIETIES

Boy Scouts of First Congregational church have arranged for a hike to George Packard's cottage at Utawana beach Friday where they will remain over night, returning on Saturday. They will leave Appleton at 1:30 Friday with C. Willard Cross, scout leader. The scouts will cook two meals at the beach.

The Young Married People class of Methodist Episcopal church did not meet as usual on Wednesday night, but instead will attend the lecture Thursday evening by Dr. Howard Mueser, who spent ten years as a missionary in India. Dr. Mueser is here in connection with the world service field day program at the Methodist church on Thursday. Refreshments and a social hour in the basement will follow the lecture.

Plans for a dinner and social on April 25 were made at a meeting of the Young Home Builders' club of Memorial Presbyterian church Wednesday night at the home of Mr. and Mrs. E. W. Shannon, 422 South St. This dinner will close the work of this season. Mrs. E. W. Shannon was made chairman of the committee in charge of the party.

The Ladies Aid society of Mt. Olive Lutheran church decided at a meeting in the church Wednesday afternoon to devote its time to sewing for missions. Working on Saturday will be bought once a month and garments will be cut so that those who wish to sew at home may do so. Mrs. V. Boyer, Mrs. W. C. Trettin and Mrs. R. L. Herrmann were appointed to take charge of this work.

The Rev. P. O. Keicher of All Saints Episcopal church will preach at Blessed Sacrament church in Green Bay on Friday night. Because of this there will be no 8 o'clock service on Friday afternoon.

LODGE NEWS

About 15 new members will be received by Modern Woodmen of America at a meeting at 8 o'clock Friday night in South Masonic hall. Other routine business will be taken up.

Bridge was played at the regular meeting of Elk Ladies Wednesday afternoon in Elk hall. Prizes were won by Mrs. George Ewen and Mrs. Theodore Deiling.

Plans for a party after the regular meeting on April 16 were made at a meeting of Deborah Rebekah lodge Wednesday night in Odd Fellow hall. Other routine business was discussed.

Mrs. George Hogreiver, Mrs. Peter VanRoy, Mrs. Otto Zuchliko and Mrs. Louis Flotow won prizes at scholastic meeting of Lady Eagles Wednesday afternoon in Eagle hall. Mrs. William Chopin and Mrs. Edward Horn were hostesses.

CLUB MEETINGS

Arrangements for an anniversary party on April 23 will be made at a meeting of the Auxiliary of United Spanish War Veterans at 7:30 Friday night in Armory G. April 23 is the first anniversary of the auxiliary and the twenty-sixth anniversary of the Charles O. Baur camp, United Spanish War Veterans.

P. E. O. Sisterhood will meet at 8:30 Friday afternoon with Mrs. E. A. Morse, 460 College-ave. A musical program has been arranged by Mrs. Harold Tunnison, Mrs. Percy Fullinwider and Mrs. G. M. Schumaker.

The Grand Army of the Republic will have a meeting at 1:30 Friday

New York In Hysteria Through Girl Bandit

New York—All of Gotham is suffering with a bobbed-hair bandit dementia. Just let a young woman who has short locks and her husband, brother or sweetheart stop to look in a store window and the merchant within prepares to greet the Bobbed-Haired Bandit.

Now Mrs. Albert E. Guemares, wife of the young fellow who was brought to public attention through the Dot King murder case, is in the shadow of the law because of this hysteria.

She went into an uptown tailor shop to ask the cost of having her costly fur coat retined. A dapper young fellow got out of a big car and entered the shop.

Visions of the Bobbed-Haired Bandit immediately came to Charles Bernstein, the tailor. He telephoned for the police. The young man, hearing, dashed from the store. Mrs. Guemares remained.

The patrol came and took her to the station house and thousands of women gathered to look at her.

She complied to look at a cigarette and told the police she didn't know the young fellow who escaped and that she had not been with him. And the police called in the score of victims of the Bobbed-Haired Bandit to look at their catch.

Most of them said she wasn't the girl. And some of them said maybe she was and maybe she wasn't, that they had been so excited when they were held up that they couldn't tell.

And in the meantime the police are proceeding on the theory that it takes

MRS. ALBERT E. GUEMARES

a woman to catch a woman at crooked work. Hundreds of patrolmen and detectives have tried for weeks to catch the young lady who robbed a dozen or more storekeepers in Brooklyn and then jumped to Manhattan to spread the girl bandit hysteria in that borough.

Policewomen have been recruited to catch her.

Actors Get Costumes For Passion Play

The scenery and electrical effects for the Passion play that St. Joseph congregation will present on April 6, 7 and 8 have been completed in time for the dress rehearsal on Friday night, according to announcement made by Mr. and Mrs. J. P. Bannister, who are directing the play. The costumes are ready, too, and represent a great deal of work on the part of the Christian Mothers, who made them. The last of the cast to be fitted were Marvin Ludwig, Harvey Kranhold, Steve Gehrman, Robert Marrett and Ralph Everts.

The ticket sale opens on Wednesday and has been especially good for all performances. Henry Otto has charge of the seat sale.

Prof. A. J. Thies, director of the choir at St. Joseph church, has trained a large choir in a big Easter number that will be sung in connection with the play.

PERSONALS

Mr. and Mrs. John J. Pieler and son Donald of Portland, Ore. are visiting Mr. and Mrs. Wenzel Pieler, 547 12th St. Before going west seven years ago, Mr. Pieler was employed for eight years in the office of Miller Lumber company, now the Hettiger Lumber company.

Frank Murphy has returned to his duties as flagman at College-ave crossing after a two weeks' absence.

Novall Baker of Two Rivers, is spending two weeks with Appleton friends.

Erlich Semrow, son of Mr. and Mrs. Julius Semrow of Freedom, left Thursday for Rodden, Ill., where he will be employed in a cheese factory owned by his brother, Robert Semrow.

Miss Laura Carroll has returned to her home, 686 Lawest after submitting to an operation for tonsils and adenoids at St. Elizabeth hospital Wednesday.

Miss Florence Ross has returned from an extended business trip to New York.

Mr. and Mrs. George Bohon, 775 Tunka, left Wednesday night for Harrodsburg, Ky., where they were called by the illness of Mr. Bohon's mother.

Mr. and Mrs. H. G. Freeman have returned from a several weeks visit to Bloomington, Ind., New Orleans and other southern points.

D. H. Balliet left Thursday for Lexington, O., to visit his daughter, Mrs. Glen Campbell.

R. G. Wilson of R. G. Wilson & Co., sewer contractors, who spends the winters at his home at Lake Fern, Fla., near Tampa, has returned to Appleton and is getting ready for a busy season's work.

The average American cow gives but half the milk of the average cow in Denmark.

At the time of the Armistice there were some 10,000 dogs with the armies of all sides.

7:30, Christian Endeavor party, First Congregational church.

8:00, Modern Woodmen of America, South Masonic hall.

8:00, Open card party, Pythian Sisters, Castle hall.

FORMER LAWRENCE MAN TESTIFIES AT CAPITOL

Many Appleton people who are following the Washington investigations remember Herbert M. Peck, who testified Tuesday concerning the swindling of a large acreage of oil lands from the Oklahoma Indians, as a Lawrence college student. Mr. Peck has been a United States district attorney for the western district of Oklahoma and has been a special assistant United States attorney. He was holding office when the Department of Interior of which Albert Fall was the head allowed the Oklahoma swindle of lands to go through, he testified.

Mr. Peck was a native of Virginia and graduated from Lawrence in 1904. He took his law degree at the University of Virginia and has practiced law in Oklahoma City since 1903. Peck was a prominent football player at Lawrence.

afternoon in Odd Fellow hall. Five local veterans visited the Neenah chapter on Thursday afternoon.

Over the Tea Cups club meets at 2:45 Friday afternoon with Mrs. Elmer Jennings, 559 College-ave. A program has been arranged.

W. D. W. E. club met Wednesday afternoon with Mrs. Arthur Jahns. Packard-st. The afternoon was spent in sewing. The next meeting will be with Mrs. Andrew Pikel, 555 Walnut-st.

NERVOUS, RUN-DOWN MOTHERS

Worn Out Caring for Children and Housework—See how Lydia E. Pinkham's Vegetable Compound Helps

Indianapolis, Indiana—"I was in a very nervous and run-down condition while nursing my baby, and bearing somewhat of Lydia E. Pinkham's Vegetable Compound. I began taking it from the second bottle I noticed a big improvement, and I am still taking it. I am not a bit nervous now, and feel like a different person. It is a great medicine for any one in a nervous, run-down condition and I would be glad to give any one advice about taking it. I think there is no better medicine and give you permission to publish this letter."—Mrs. ANNA SMITH, 541 W. Norwood St., Indianapolis, Indiana.

The important thing about Lydia E. Pinkham's Vegetable Compound is that it goes help women suffering from the ailments common to their sex. If you are nervous and run-down and have pains in your lower parts and in your back, remember that the Vegetable Compound has relieved other women having the same symptoms. For sale by druggists everywhere.

For Glorious Hair, Too

From ancient bards to present-day writers, observant poets have sung of her hair as woman's crowning glory. Nothing will do more to create lovely hair—to make it soft and lustrous and really glorious—than delightful

JAP ROSE

The abounding, cleansing lather, complete dissolving without a particle of sediment, and easy, thorough rinsing of the very last sparkling bubble from the hair, make Jap Rose a soap of distinct and captivating difference.

MANY LAUGHS IN HIGH SCHOOL PLAY THURSDAY NIGHT

Students Give Special Performance of "The China Shop" for Children

Kaukauna—The second public presentation of the high school opera, "The China Shop" will be given at 8:15 Thursday evening in the high school auditorium. The first show was presented Thursday afternoon for the benefit of the school children. The performance also served as final dress rehearsal.

The opera consists of two acts. Fat Sing, a wealthy old merchant, who is tired of life and weary of wealth, decides to disappear but before doing so with all his wealth to charity, entirely dispossessing his son, Sing Fong, with the exception of the business which is to be conducted by Sing Fong. The terms of the will are not made public for a year and in the meantime Sing Fong is beset by the attentions of all eligible young ladies assisted by their mothers who believe the young man to be the richest in the city.

Sing Fong of course dodges all attempts of the women to marry him as he alone knows the terms of the will and knows he is practically a pauper. At length, Sing Fong, who had been elected to the office of chief magistrate, issues some effective and embarrassing edicts to the effect that he will marry none but a wealthy orphan, think ing thus to free himself from the designing attentions of the women since he believes there are no orphans of that type in the city.

The comedy element in the production is furnished largely by Mr. Jusco Karfair, an American reformer, the efforts of the three belles to "land" Sing Fong in their matrimonial nets and by Mush Lush, a woman hater.

The cast of characters is as follows: Fat Sing, a wealthy merchant, Prentice Hale; Sing Fong, his son, Lavern Robb; Mush Lush, a woman hater, Clifford VanAble; Wun Ton, a politician, Lloyd Mereness; Tannyu, a fisherman, Walter Ditter; Mr. Jusco Karfair, a reformer, Cornelius Mayer; Lotus Blossom, a niece of Tannyu, Miss Violet Redman; Ting-Ling, Ding Dong, Ping Pong, three belles, Helen Laidert, Arla Kraus and Hildegard Werschman; Hay Tee Toy, a chaperone, Wilma Klumb.

Pat Sing, a wealthy merchant, Prentice Hale; Sing Fong, his son, Lavern Robb; Mush Lush, a woman hater, Clifford VanAble; Wun Ton, a politician, Lloyd Mereness; Tannyu, a fisherman, Walter Ditter; Mr. Jusco Karfair, a reformer, Cornelius Mayer; Lotus Blossom, a niece of Tannyu, Miss Violet Redman; Ting-Ling, Ding Dong, Ping Pong, three belles, Helen Laidert, Arla Kraus and Hildegard Werschman; Hay Tee Toy, a chaperone, Wilma Klumb.

NURSE REPORTS ON HEALTH ACTIVITIES

52 Children Were Examined at Three Dental Clinics in March

Kaukauna—Assistance in conducting three dental clinics, one baby clinic and one chest, orthopedic and child clinic was offered by Mrs. James O'Connell, city nurse, last month in addition to her routine work, according to her monthly report submitted to the common council.

During March the nurse visited 59 homes and made 151 calls upon patients. She also made 54 calls for the purpose of investigating communicable diseases. Twenty-four school visits were made.

Three dental clinics were held at which 52 children were cared for. There were 59 extractions, 12 silver fillings, 4 cement fillings, 7 examinations and 2 treatments. Forty-two patients were registered at the baby clinic. A similar clinic is to be held Friday in the municipal building.

According to the statement submitted by the doctors who conducted the midwinter fair clinic 135 examinations were made and 20 tuberculosis cases were discovered. The cases were classified as follows: active tuberculosis, 2; presumptive tuberculosis, 3; suspicious tuberculosis, 4; quiescent tuberculosis, 1; healed lesions, 7; cervical glands, 1; suspicious tracheobronchial glands, 1; bone tuberculosis, 1. Sanatorium care was advised for two persons and for four others if conditions do not improve rapidly.

Findings among non-tuberculosis patients included cases listed as follows: decayed teeth, 24 plus 17 pyorrhea cases; diseased tonsils, 31 plus 12 suspicious; enlarged glands, 43; heart disease, 10; simple goiters, 43 of which 10 were children 16 years old and younger; underweight, 15; acute bronchitis, 1; chronic bronchitis, 6; pleurisy, 4; asthma, 1; tracheobronchial glands, 6; enlarged adenoids, 13 plus 1 suspicious; nose and throat trouble, 20; mixed infections, 2; skin disease, 1; malnutrition, 1; chorea, 1; thickened pleura, 3.

Vaccinations were recommended for 35 patients while 59 were referred to their physicians. Ten others were advised to submit to re-examination while 18 were recommended for other special examination.

COUNCIL CREATES PARK BOARD AFTER DESPERATE ATTACK

Chief Objectors Vote for Ordinance After Debate—Suggest Members

The city ordinance for creating a park commission survived a last attack in the common council and was finally passed by a unanimous vote of the common council Wednesday evening. Alderman J. F. Lappen, however, had left earlier in the evening.

The new board of park commissioners, which is a revival of the former board that was abolished three or four years ago, probably will begin to function about the time that the new common council takes control of the city government.

Mayor Henry Reuter, whose term will expire on April 15, intimated Wednesday evening that he would have a list of appointees ready for confirmation by the council at the last meeting of the council on April 15. He asked aidmen to suggest to him names of able men who would be willing to serve.

SERVE WITHOUT PAY
The park commission to be created will function under the general charter law and will have greater powers than the former park board had. It will consist of five members who are freeholders in Appleton. They are to serve without compensation for terms of five years each.

Taxes can be levied by the park commission to the limit of one mill on every dollar's worth of taxable property. The amount to which they would be limited in Appleton under the present assessed valuation is about \$27,000. The board will, like school boards, function independently of the common council, but an understanding will be made between the council and the board not to exceed a certain amount in expenditures during the first few years.

Alderman L. O. Hansen inquired whether aidmen were eligible to appointment to the park commission, and was told by Mayor Reuter that the ordinance contained nothing to the contrary but he did not know if other statutes would permit it.

MOBILE OBJECTS
The principal opposition to the creation of a park commission was from Alderman R. F. McGillan of the Fourth ward. He urged the aidmen not to wait until the matter but to wait until the city is on a sounder financial foundation before giving an appointive board authority to levy as much as a one-mill tax yearly.

"Why the taxpayers will be hanging some of us," he burst out. "After

they have the park commission they will want a director to supervise play and teach the children how to play." No one had to teach me how to play," The aidmen admitted that with the growth of Appleton's park system management of the parks by a park commission would be a good thing, provided capable and reliable members could be obtained.

"What better safeguard do you want," the mayor asked, "When the ordinance provides that the members to be appointed by the mayor must have the confirmation of the council? I am confident that we can find five men in Appleton who will work in harmony with the council."

Alderman C. D. Thompson, chairman of the ordinance committee, endeavored to refute the argument about the council's being too hasty in the matter of calling attention to the fact that the city has had no park board for several years and that the park system has not improved under the management of the board of public works for the reason that it has no time for that work. He said that the park commission would not plunge into finances immediately but would first undertake a survey of Appleton's park system and work out a future plan of park development.

Should the commission at any time become wildly extravagant, there is nothing to hinder the council from abolishing the commission, he said.

The park commission movement was inaugurated in the council by Alderman George T. Richard a few weeks ago. The matter was given to a committee of six aidmen to study with the result that the committee instructed the city attorney to prepare an ordinance. The ordinance was referred to the ordinance committee two weeks ago. The committee reported favorably on it Wednesday evening and recommended its passage.

Alderman Charles Foss offered the suggestion in the council meeting that Mayor Reuter serve on park commission himself and that Alderman J. A. Wood whose term expires this month also be appointed. Both objected to the proposal.

The mason work of the \$18,000 duplex apartment building to be erected by Techank & Carlstensen of the Home Hot Blast Furnace company at the corner of Second and Cherry streets has just been awarded to Lempert & Neff, carpenter work to August Buesch; plumbing to A. J. Bauer; and electrical work to Max Kozietzke. The heating plant will be installed by the owners and the painting contract will be awarded later. Work on the foundation will be commenced within the next few days. The flats will be ready for occupancy by July 1.

FOND DU LAC HOPES TO GET RAIL YARDS

Believe Shops Now at Kaukauna Will Be Moved in Near Future

Fond du Lac—Construction operations on a large freight yard to be established just outside of North Fond du Lac by the Northwestern road concerning which there have been reports and rumors for many weeks, may be started soon. It was indicated a few days ago.

Officials at the general superintendent's office refused either to deny or confirm the report that the yards at Kaukauna are to be moved here, and that a considerable portion of work now handled in the Chicago yards would be transferred to this point.

While officials in this section have consistently declared they were in ignorance of any such plan, refusal of the general office in Chicago to deny that such a proposal is in process of formulation has been taken here as an indication that important developments are impending.

Since that date, however, several persons intimately connected with the building and construction situation in this vicinity have received information indicating that the yards are to be established at North Fond du Lac in the near future.

Cocoon Oil Fine For Washing Hair

If you want to keep your hair in good condition, be careful what you wash it with.

Many soaps and prepared shampoos contain too much free alkali. This dries the scalp, makes the hair brittle, and is very harmful. Multisided cocoon oil shampoo (which is pure and entirely greaseless), is much better than anything else you can use for shampooing, as this cannot possibly injure the hair.

Simply moisten your hair with water and rub it in. Two or three teaspoonfuls will make an abundance of rich, creamy lather, and cleanse the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dirt, dust, dandruff and excess oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy, wavy, and easy to manage.

You can get Multisided cocoon oil shampoo at any drug store. It is inexpensive, and a few ounces will last everyone in the family for months.

DR. R. W. GAMMON SUNDAY SPEAKER

Special to Post-Crescent
New London—Dr. R. W. Gammon of Chicago, will deliver an address on the subject "When a Father Needs a Friend" at the community meeting at the Congregational church next Sunday evening. OPES TO REVIVE BOY SCOUT WORK

Chicago Officials Confer with
Local Leaders As to Hiring
Executive

F. M. Finnell of Chicago, is in the city conferring with leaders of the Boy Scout movement in Appleton with a view of reorganizing the work so full time executive again may be employed here. He was scheduled to meet Appleton Boy Scout council and the boys' work committee of the city club at a luncheon at 12:15 Thursday noon at Conway hotel. It is said that the future or organized boy scout work here will depend largely on the outcome of this meeting.

Mr. Finnell is divisional superintendent of the Boy Scouts of America for the middlewest district.

DEATHS

MRS. EMILIE ROBE
Mrs. Emilie Robe, 73, wife of Franz Robe, 445 North-st., died Thursday morning after an illness of eight weeks. She is survived by a former husband, Theodore Scheffler, and a daughter, Teresa Wagg and Appleton. A daughter, Mrs. Sophie Hutchins of Milwaukee, Henry Scheffler of Spokane, Wash., and Mrs. Elsie Bremner of Rock Island, Ill.; a sister, Mrs. G. Scheffler of Appleton; 17 grandchildren.

The funeral will be held at 2 o'clock Saturday afternoon at St. Paul Lutheran church. Services will be conducted by the Rev. T. J. Sauer.

William J. Nohr and family and Mrs. G. Wagner have returned from Epilanti, Mich., where they attended the funeral of Mr. Nohr's oldest daughter, Mrs. B. E. Payne. Mrs. Payne was formerly Miss Gussie J. Nohr.

MAPLE CREEK ELECTION IS LARGEST IN YEARS
Special to Post-Crescent
Maple Creek—The election in Maple Creek township Tuesday was one of the most largely attended of any in years. A total of 175 votes was cast, 28 of them by women voters. Ervin Martin is the new chairman and is arranging to call the new town board into session soon.
Leo Bleck is remodeling his home and installing electric lights. The work is being done by Otto Fribnow of New London.
August Scheel has installed a milk machine at his farm.
Mrs. Robert Galloway of Stevens Point, was the guest of Mr. and Mrs. Louis Lorge recently.

BUILDING PERMITS
Two more building permits were issued Wednesday by George E. Peotter, deputy building inspector. Seven permits granted since Jan. 1, carry cost estimates of \$805,673. Seventeen of the permits authorize the construction of homes.
These are the latest permits:
Lewis Reinke, garage at 1121 Morristown.
Schlitz Brothers, store front for drug store, 812 College-ave.
John J. Hettinger visited his office this week for the first time since his recent illness, but will not take up his active duties until later in the month.

Farmers Attend Auction
Hundreds of farmers attended the auction sale at the farm of Lawrence Pierce, Grand Chute, where a large amount of personal property was disposed of. A part of Mr. Pierce's land had been sold to the Butte des Morts Golf club.

**If Ruptured
Try This Free**

Apply It to Any Rupture, Old or Recent, Large or Small and You are on the Road That Has Convinced Thousands.

Sent Free to Prove This
Anyone ruptured, man, woman or child, should write at once to W. S. Rice, 474-C Main-st., Adams, N. Y., for a free trial of his wonderful stimulating application. Just put it on the rupture and the muscles begin to tighten; they begin to bind together so that the opening closes naturally and the need of a support or truss or appliance is then done away with. Don't neglect to send for this free trial. Even if your rupture doesn't bother you what is the use of wearing supports all your life? Why suffer this nuisance? Why run the risk of gangrene and such dangers from a small and innocent little rupture, the kind that has thrown thousands on the operating table? A host of men and women are daily running such risk just because their ruptures do not hurt nor prevent them from getting around. Write at once for this free trial, as it is certainly a wonderful thing and has aided in the cure of ruptures that were as big as a man's two fists. Try and write at once, using the coupon below.

**Is a Bad Back
Wearing You Out?**

Do you rise in the morning lame and stiff? Drag through the day with your back a dull, unceasing ache? Evening and you "all played out"? Look, then to your kidneys. Weak kidneys cause just such troubles and one is likely to have headaches, too, with dizziness and annoying kidney irregularities. Don't risk neglect! Help your weakened kidneys with a stimulant diuretic. Use Doan's Pills—the remedy Appleton people recommend. Ask your neighbor.

Here's an Appleton Case:
L. Burr, 671 Hancock-st., says: "I had pain in my back, a continuous dull ache. My kidneys caused annoyance as the secretions passed too freely, and were a dark color. I got Doan's Kidney Pills and one box was all I needed as I didn't have backache any more and my kidneys acted all right."

YOUTHFUL ACTORS TAKE PARTS WELL IN PASSION PLAY

Columbia Club Presentation of
"The Upper Room," Pleases
Audience

Members of Columbia club who took part in "The Upper Room" at Columbia hall on Wednesday evening presented one of the most interesting religious plays ever given in Appleton. The play called for highly emotional acting throughout and the young actors and actresses succeeded in portraying the life of the followers of Christ during the time of his trial and crucifixion.

The work of Florence Miller as the servant of Achaz was exceptional in its emotional quality. The entire play centered around the devotion of this servant for the Master and Miss Miller had a fine conception of the boy.

The setting of the play was excellently done and the lighting effects were splendid. The storm which followed the crucifixion and which was the entire action of the third scene was very well done. The mob effects were good.

Much credit is due to the members of the cast, who worked hard to create the atmosphere of the times. Miss Eleanor Schneider took the part of Mary of Magdala, a part which ranked ranked next to that of the servant in its emotional demands. Miss Beatrice Farrell enacted the character of the mother of Christ, a part made exceedingly difficult because there were no lines until the climax of the play, when she had a long and impassioned speech. Miss Elizabeth Glashen was Veronica, who wiped the face of Jesus.

Judas, who was played by John VanRyzin was the best character among the men. Eugene Fountain was John, the Beloved; Ray Fink was Peter while George Bellew was Joseph of Arimathea. Henry DeDecker was the soldier and Harold Berro was Achaz, the owner of the house in which the Last Supper took place. Each of these parts was taken well. Tableaux in the play were especially well done. Many in the audience felt that the pictures given through the tableaux were excellent and the best things in the play.

Miss Rose Ellen McNevin of Chicago, formerly head of the public speaking work at Appleton high school, directed the play. This is the third dramatic production which she has done for Columbia club within two years.

ST. OLAF CHOIR EARNS PRAISE IN MILWAUKEE

St. Olaf choir which earned many laurels here last year and which will appear in concert here again next year, Wednesday afternoon and evening performed before two large audiences in the Pabst theater of Milwaukee.

A Milwaukee paper commenting on the performance said, "The choir under the direction of Prof. F. Melius Christianson, has achieved whatever is possible to accomplish this side of professionalism. For an amateur organization of annually shifting personnel, it is performing surprising feats in tonal quality, balance and color effects."

Both the choir and the concert band of St. Olaf college by national and foreign tours, have served to put Northfield, Minn., on the musical map. The band will perform at Lawrence Memorial chapel on the evening of May 2.

RATHER PAY TAXES IN SUMMER THAN IN WINTER

Summer is the time when men, women and children—at least those who were reached by a recent questionnaire got out by Miss Faye Eborhart, a teacher in the First ward school, want to pay their taxes. Each pupil in the citizenship class was asked to have his parents vote on the time for paying taxes. Twelve fathers and 12 mothers and 17 students voted for summer as tax paying time while the next largest number favored payment in winter and the total for spring and fall were about the same. Seven thought that twice a year would be a good system and two

52 KIWANNIANS AT FIRST NOON MEETING

Fifty-two out of the fifty-six members of Kiwanis club attended the first meeting Wednesday noon at Vermuleu's. Telegrams and communications from state chapters congratulating the new club were read by J. L. Johns, president. Ira Parker, a trustee of the Oshkosh Kiwanis club, conveyed the congratulations of that group in person, and Ben Rohan, president of Appleton Lions club, extended the good wishes of the "sing." When roll call was taken all members were called by "nicknames" and those who had none promptly received one.

BEG PARDON

Anton Jansen, president of Little Chute, received 291 votes for supervisor instead of 249 as was reported on Wednesday.

thought that there was no choice at all. The number of votes cast was 59 of which 30 were from the fathers, 28 from the mothers and 31 from the children in the grade.

STAYS HOME NOW!

Little George Wall of St. Paul, Minn., isn't going shopping with his mother for quite a long time to come. Reason is he brought the fire department out last time he went down town with her. A fire hydrant later ended him. He stuck a finger into the hose. And the firemen had to come to get it out.

MEDAL TO WINNER OF ORATORY CONTEST

Louis Verhagen was awarded the silver loving cup for first place in the oratorical contest at Little Chute high school Monday night for his oration, "The Wandering Jew." A large crowd attended the contest. Miss Laura Slevert, George Skewes and Dr. J. A. Holmes, all of Appleton, were judges. Second place, for which a silver medal was awarded, went to Ernest Miron, who gave an oration on "National Apostasy." A monetary award went to Julius Schommer who won third place with the oration, "The American Infamy." The other speakers were Eugene Harp who gave "The Black Horse and His Rider," Isadore Miron, "The Rebirth of the True American Spirit" and Harvey Wundrow, "Toussaint L'Ouverture."

Postpone Meeting

The meeting of the Appleton fire and police commission which was scheduled for Wednesday evening could not be held because two members were unable to be present. The meeting was therefore postponed by A. C. Koch, president. It is possible that the meeting will be held the middle of next week.

Coffee Drinkers

Is your morning cup of coffee all that it should be? Does it give you that satisfied feeling that the day is started right, put you right on your feet, so to speak, ready for the day?

If you do not have this feeling, possibly, the coffee you are drinking is not up to snuff, it may be stale, or of inferior quality. There are many of these kind sold, sometimes at a fairly high price.

You owe it to yourself if you are not satisfied with the coffee you are now using, to try a coffee that is always fresh, because it is roasted every week, a coffee that is composed of the best quality of beans grown, it must be good. There is no doubt, it has the two absolutely necessary things to make it good, Quality and Freshness. Sherman House Brand Coffee, Roasted and Packed every week exclusively for

Looking
Around!

"Just looking!" Sometimes a visitor to our store tells us this. It pleases us.

We then are aware that she is interested in knowing more about us and the goods we sell.

When people study us it does not take long to realize that our store radiates with warmth and a welcome and, too, that money has an unusual purchasing power here.

It always is a pleasure to have people come in just to look. These visits result in eventually adding new faces among our host of customers.

FARMERS' SHIPPING CLUBS DO BUSINESS AT SMALL EXPENSE

Business of Eight Livestock Shipping Associations Aggregates \$350,000

Eight live stock shipping associations in Outagamie county last year carried on a \$350,000 business at a cost to the farmer of only 9.7 per cent of the total business. It is set forth in statistics compiled by the shipping association managers cooperating with Robert A. Amundson, county agricultural agent.

This is the first time that complete reports on the activities of all the shipping associations of the county have been possible. Managers of the eight associations in the county several weeks ago met in the office of Mr. Amundson and decided upon a uniform standard annual report. The result surprised some of the skeptics who said that farmers cannot cooperate.

A total of 243 cars containing 24,504 head of stock was shipped through the associations. The expenses of shipping the \$350,000 worth of livestock varied from 7.1 per cent to 26.9 per cent, or an average of 9.7 per cent, the cost depending on whether the cars were shipped to Milwaukee or Chicago. A total of 124 cars were shipped to Chicago and 119 to Milwaukee. The size of the cars shipped also had a bearing on the cost percentage.

ALL EXPENSES

The \$34,769.22 shipping cost includes freight, yardage, feed commission, and home expenses. The home expenses are a small item, averaging a little more than \$20 a car. The average outside expenses amounted to about \$21.36 a car. Nearly every association has a different way of handling the local expenses. In most cases a small commission is charged. This is put into a sinking fund and all expenses paid out of that. In other associations a membership fee is charged.

Here is an average shipment:
5 hogs, 200 pounds @ \$5.00...\$5.00
13 calves, 100 pounds @ \$10.50...\$13.65
1 cow, 1,000 pounds @ \$3.50...\$3.50

Total receipts.....\$131.50
9.7 per cent expenses.....\$12.75

Net return to farmer.....\$118.75

The 24,504 head of livestock shipped in last year included 971 head of cattle, 7,715 calves, 15,543 hogs and 275 sheep. The shipments of sheep were small and were handled only by half of the associations. The largest shipments of all classes of live stock were made by the Dale Shipping company, and the Center Valley Shipping association had the second largest business.

Shipping associations cooperating in the completion of statistics were

March Set New Record For Permits

More construction was authorized in March than in any other month since the city zoning ordinance became effective. The total amount of building authorized aggregated \$228,275. It is impossible to compare March, 1924, with the same month in 1923 for the reason that building inspection did not start until March 20, 1923. In February, 1924, Appleton set all cities of the state except Milwaukee for the amount of construction authorized. The total construction for the season on April 1 was \$302,533.

A total of 54 building permits were issued during the month of March. Of this number 15 were for the construction of residences. The building inspector also certified the building of 17 private garages and 27 miscellaneous building jobs. The principal permits were those for the construction of Appleton's two junior high schools the contract price of which is over \$500,000.

The Black Creek Equity Cooperative association, A. Stephani, manager; Henry Drephal, manager; Common Sense Shipping association, Greenville, George Tennie, manager; Apple Creek Mackville Badger Live Stock Shipping association, F. A. Ziegler, T. Luedtke and H. Abitz, officers; Seymour Cooperative Shipping association, Fred Blohm, manager; Kaukauna Farmers Live Stock Shipping association, P. J. Thelen, manager; Dale Shipping company, J. H. Leppa, manager; Center Valley Shipping association, George Wehling, manager.

CONSIDER CHANGES IN ELECTRIC CODE

Order Hearing in Milwaukee on April 16 on Proposed Revisions

Hearing on April 16 has been ordered by the state railroad commission and state industrial commission, acting jointly, on proposed changes in the state electrical code. The hearing will be held in Milwaukee. The proposed changes in the electrical code were made by a state electrical code advisory committee which has conducted an investigation into present conditions for some time. C. B. Hayden of the state railroad commission department, is chairman of the commission.

FRECKLES

Now Is the Time to Get Rid of These Ugly Spots

There's no longer the slightest need of feeling ashamed of your freckles, as Othline—double strength—is guaranteed to remove these homely spots. Simply get an ounce of Othline—double strength—from any druggist and apply a little of it at night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful complexion. Be sure to ask for the double strength Othline as this is sold under guarantee of money back if it fails to remove freckles. adv.

mission department, is chairman of the commission. The changes which will be considered as reported by the code committee follow:
1. Clarification of grounding rules.
2. Electrical utilities shall not make service connection to a building unless the grounding rules have been met.
3. Terminals of sockets and receptacles, must have one terminal identified.
4. Wooden raceways definitely prohibited for interior wiring.
5. Requirement for white covered wire on grounded side of circuit limited.
6. Requirements for switches detailed and clarified.
7. Outlets on lighting branch circuit limited to twelve.
8. Separate branch circuit required for all motors over five-horse power.
9. Dead front panelboards required for lighting distribution boards.

MONEY POWER CLASS MEETS LAST TIME SUNDAY

One of the popular winter courses at the Y. M. C. A., the Industrial Forum, which held meetings every two weeks, closed for the season last week, and another, the Money Power course, will close with the meeting next Sunday afternoon. The speaker will be the Rev. J. L. Menzies. Arrangements for spring and summer activities are well under way.

A wingless, fur-bearing animal of French Cochon, China, rises in the air by distending the stomach like a small balloon.

10. Complete new section on fixture requirements.
11. Cut-outs, switches and receptacles to be located at least four feet above the floor in garages.
12. Fuses may be omitted in grounded wire of branch circuits.

Do You Want To Try Out an Oil Burner Before Next Season?

Here is the Opportunity:—On orders received before April 10th we will install immediately and give you three months to pay for same provided you are satisfied. If not, we will remove it at our own expense at the end of the present heating season.

STUDEBAKER LIGHT-SIX TOURING CAR

\$1045

Mark This Example of what Studebaker alone can do

STUDEBAKER is the world's largest maker of quality cars. Our assets are \$90,000,000. We have \$50,000,000 in model plants. Our sales have almost trebled in three years, because of our matchless values. Last year, 145,167 people paid \$201,000,000 for Studebaker cars.

Come and learn why

Come and see, before you buy a car, the reasons for this success. See this Light-Six Touring Car, for instance.

Build of the finest steels. Of the very same steels we use in the costliest of our cars. On some we pay makers 15% premium to get just the quality specified.

Build under an engineering department which costs us \$300,000 yearly.

Each car subjected in the building to 32,000 separate inspections. Same steels, same workmanship as in the costliest Studebaker models.

Two great features

There are many features in this Light-Six found in no rival car. But we want to mention two in particular.

The motor is perfectly balanced. That means long life and freedom from vibration.

The reason is this: We machine all surfaces of our crankshafts and connecting rods by 61 operations. Just as was done in Liberty Airplane

Motors. This is done in no other car at our prices. Then we use more Timken bearings in this car than are used in any competitive car within \$1,500 of our price. And Timken bearings take up wear as no other bearings do.

Why this price?

This Light-Six Touring Car is priced at \$1,045. Built under ordinary conditions such a car would cost you from \$200 to \$400 more.

But we build 150,000 cars per year. We make our own parts. We build our own bodies in 10,000,000 body plants. We have 12,500 up-to-date machines. Our major costs are divided by enormous output.

The result is a value no other maker even tries to match in a fine car of this size. Come see what it means to you.

Send for the Book

Mail us the coupon below. We will send you free our new book that will inform you on five simple things which reveal the value of a car. For instance—

It will enable you to look at any car and tell whether it's been cheapened to meet a price or offers true quality.

It will tell you why some cars rattle at 20,000 miles and others don't. It shows one single point in a closed car which measures whether you're getting top or medium quality. The book is free. Clip the coupon now.

How It Excels

Steels are identical with the steels in the costliest car we make.

More Timken bearings than in any competitive car within \$1,500 of its price.

Genuine leather cushions, 10 inches deep. Curled hair filling.

All-steel body.

One-piece windshield—rainproof.

Attractive cowl lights.

Quick-action cowl ventilator.

Non-skid cord tires.

Transmission and ignition locks.

Perfect motor balance.

The supreme car of its class.

Send coupon for book about it.

CITY WANTS BIDS ON 510 SIGNS TO DESIGNATE STREETS

Residents on Two Streets Petition Council to Change Name

Upon recommendation of the committee on streets and bridges the common council Wednesday evening instructed E. L. Williams, city clerk, to advertise for bids for furnishing the city with street signs to be erected at intersections.

The advertisement will call for bids on delivering about 510 so-called four-way signs together with the same number of standards. These standards are to be 2 1/2 feet high and 10 feet high. The street committee already has a number of samples of street signs on hand, but the law requires that bids be sought.

Two petitions from property owners on Second-st., Carver-st. and Virginia-st., for changing the names of those streets were presented to the council. The residents on the first two streets, named would have that the thoroughfare, known as Prospect ave. and Virginia-st. residents would have that street called Washington-st.

NO ORDINANCE
The ordinance committee would like to have legislation enacted Wednesday evening to satisfy the wishes of the petitioners, but no ordinance had been prepared. Alderman C. F. Smith moved to have the change made, but the ordinance committee thought it best to have it go through the regular channels. The matter was referred to the ordinance committee who will draw up an amendment to the street renaming ordinance that recently was passed.

Through a misunderstanding only one bid was received for furnishing the city with its yearly supply of road oil. Firms were under the impression that they had 30 days in which to submit bids. The bid of the Camden Petroleum which furnished the city with street oil last year was therefore returned unopened and the clerk was instructed to readvertise for bids to be opened at the next meeting, April 15.

PUT IN SEWERS
An order was issued informing the residents of Lemnaw-st. to have all sewer and waterworks installations completed before the paving construction is to begin on that street this summer.

It was decided by the council to open Cherry-st. road from the south end of the bridge to south city limits and that the city attorney take the necessary steps thereto.

Upon motion of Alderman R. H. Beske, chairman of the street and bridge committee, the council voted to transfer \$108,000 from the general fund to the bridge fund and use that sum to pay off bills on the Cherry-st. bridge contract.

The street lighting committee was given authority to select the lighting fixtures for the Lawest bridge and have the necessary wiring done. Designs of bridge lamps were shown by R. M. Connelly, city engineer. It is understood that the fixtures will cost less than \$200 and the other work will cost about the same amount.

A claim for damages in the sum of \$88.05 was presented by Robert Stammer, whose automobile was damaged in backing off the embankment on Lawest hill several weeks ago. The claim was referred to the judiciary committee.

COUNTY BOARD MAY MEET ON APRIL 15

A call is about to be circulated among the various county supervisors for holding the first session of the new county board on Tuesday, April 15. The countywide election of supervisors held on Tuesday will result in the presence of several new members at the session. The April meeting of the board of supervisors will be for the purpose of organization. A county chairman is to be elected, and he in turn will appoint the various standing committees. George F. Fiedler, of Seymour, is the present chairman, and was elected to that office for the first time last year, following the death of D. J. Ryan.

SUPPLY OF SODATOL COMPLETELY EXHAUSTED

Owing to the great demand for sodatol by farmers throughout the state, the state's supply of this cheap and explosive is completely exhausted, and no more orders can be taken this spring, according to information received by Robert A. Amundson, county agricultural agent.

Outagamie co farmers responded very favorably to the offers of the state department of agriculture to supply them with material for land clearing at cost. Enough orders have been received by the county agent for shipment of two carloads of the explosive.

Mr. Amundson is unable to state whether more sodatol will be available for the farmers next fall.

SWAMP-ROOT FOR KIDNEY AILMENTS

There is only one medicine that really stands out preeminent as a medicine for curable ailments of the kidneys liver and bladder.

Dr. Kilmer's Swamp-Root stands the highest for the reason that it has proven to be just the remedy needed in thousands upon thousands of distressing cases. Swamp-Root makes friends quickly because its mild and immediate effect is soon realized in most cases. It is a gentle, healing vegetable compound.

Start treatment at once. Sold at all drug stores in bottles of two sizes, medium and large.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.

CHEAPER TO LIVE ON FARM THAN IN CITY, MAILMEN SAY

Rural Mail Carriers Under Big Expense to Keep up Equipment

Half of the candidates who wrote the examination for rural mail carriers on Route No. 3 last Saturday were from the farms, which probably is another indication of the exodus from the farms to the cities.

But the probability is that if a farmer boy is appointed to the vacancy he will be satisfied to make the farm his headquarters, unless he lives too great a distance from the city. On the other hand, if the appointee is a city resident, it will probably be a mere question of time before he too will move to the farm.

Five of Appleton's seven rural carriers are farmers, and a sixth maintains close connections with his father's farm. Nearly all of the former carriers previously were city residents.

The reason for their change of residence is attributed to the high cost of equipment for rural carriers.

In the United States postal service. Although they receive the same maximum salary of \$1,800 a year as the city carriers and clerks rural carriers require a certain amount of capital which they must invest in vehicles, and yearly spend a considerable amount for operation and upkeep.

NEED CARS AND HORSES

The equipment of most carriers consists of an automobile, one or two wagons, one or two sleighs and two horses. One carrier has two automobiles but only one horse. Whenever that carrier requires two horses, he hires an extra horse by the day. Carriers operate an automobile about eight months a year, and a wagon or sleigh the other four months.

One carrier last year spent \$210.46 for automobile operation between April 15 and Dec. 30. The year previous he spent \$226.20, and in 1921 he spent \$358.45. In all three cases, depreciation was not included, but only gasoline and repairs. Depreciation would raise the cost of operation by about \$50 or \$100.

The same carrier last year used 483 gallons of gasoline. The repairs alone cost \$121.42. The foregoing expenses do not include upkeep of horses and horse drawn vehicles. Another carrier figured his actual expenses for operating automobile and horse drawn vehicles at \$404 which does not include the depreciation of the car. The carriers estimate the

SEEK TO ATTRACT INDUSTRIES AWAY

Declarations that other states are trying to lure away Wisconsin industries because of the heavy tax-

cost of upkeep of horses at \$1 a day per horse.

In view of the high operating cost of rural mail carriers they thought they had no other recourse but to move on to the farm to reduce costs. During the period of the year when roads are good carriers are able to return from their routes early in the afternoon and thus find time to devote to their little farms.

If the government decides upon a wage increase for clerks and carriers, the rural carriers hope they will not be forgotten.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing, vegetable laxative.

No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime. Thousands take them every night just to keep right. Try them. 15c and 30c.

tion in effect here are found by Appleton manufacturers to be true. Some of the propaganda that has been flooding Milwaukee now is coming into Appleton as well.

One of the most active in this respect is the Clearing Industrial district, Chicago which sends out attractive circulars showing factory sites. Letters accompany the literature showing how much cheaper it will be to do business in Illinois, because there will be no heavy income tax or surtaxes to pay.

Florida letters reaching this locality declare that business men who locate there are guaranteed freedom from income tax for 20 years. New Orleans also attempts to secure Wis-

consin industries by pointing out the advantages of a seaport as well as the reduction of tax burdens.

A huge waterspout, which attained a height of 800 feet, recently rose out of the sea within two miles off the coast of England. The salfish is the fastest denizen of the sea.

Much Driving Hurts Eyes

After a long drive always wash your eyes with simple camphor, witch-hazel, hydrastis, etc., as mixed in La-voptik eye wash. This removes dust and germs and counteracts effects of wind and sun. Stops dryness and burning. Voigt's Drug Store, 757 College Ave. In Black Creek by A. A. Gerl, druggist. adv.

Is Your Wife Marooned During the Day?

Have you ever considered what is meant by the hundreds of cars parked in the business sections during business hours?

Most of them carried business men to work, leaving their wives and families at home, marooned

because the family's one car is in daily use by the husband and father.

That is one reason why architects and builders find that all suburban and many city homes must be provided with twin garages.

LETTER FROM LESLIE PRESCOTT TO LESLIE PRESCOTT, CARE OF THE SECRET DRAWER

Last night, little Marquise, Jack and I had the worst quarrel we ever had in our lives.

After I had telegraphed mother that I would meet her in New York I began to get things together, for I had determined to leave early the next morning. Mother's going seemed a real act of Providence, for it would give me an excuse to see Karl's lawyers.

It never entered my mind that Jack would object to my going, and so when he came home that night I casually remarked at dinner that I had gotten reservations on the morning train the next day for New York.

"May I ask just why you are going, Leslie, or is it a profound secret?"

Jack said this in an uglier voice than I had ever heard from him before.

"Mother and dad are going to sail on the tenth for England and they are going to be a few days in New York."

"Why was I not told of this before?"

I don't know whether I was more surprised than enraged at the question, little Marquise, I tried to keep as cool as possible, however, and informed him that it was simply because I did not get the letter until the afternoon of that day. Then I had telegraphed mother I would meet her at the Waldorf tomorrow.

"I was at my office all afternoon. It would have been a very easy thing to have telephoned me before you wired."

Jack looked right through me into space and his words cut the air like a knife.

"What for?" I asked shortly. Then what he had implied became clear to me. I grew more and more furious.

"What difference would phoning you make, Jack? What had you to do with the matter? I was under the impression that I was 'free, white and twenty-one.' Do you mean to tell me that you would have refused or at least tried to keep me from going to bid my mother and father goodbye when they are going on a trip of indefinite duration?"

Jack saw he had made a mistake. "Of course not, but I think you might have consulted me in the matter."

"Would you have consulted me about keeping an important personal engagement for yourself?"

"That's different."

"Not at all. I am very tired of you arrogating to yourself the privilege of doing as you please, under all circumstances, while insisting that I shall consult you on every little thing. It just isn't done, Jack. This year, Women are no longer the nice little prize packages to be kept or passed about on such occasions as the men who have married them wish."

QUINN-STIRBLING CARD IS ASSURED FOR APPLETON

State Commission Sanctions Raising Of Admission Price

Georgia Schoolboy Will Leave
East for Wisconsin After
Charity Bout in Hartford,
Conn., Thursday.

"Gunner" Joe Quinn of Appleton will meet Young Stribling, Macon, Ga., schoolboy fighter in the Armory ring here on April 11. After a week of suspense, all difficulties have been smoothed out, and the State Boxing commission has given its consent to the battle at \$5 a throw for ringside seats.

Elmer Johnston, Appleton promoter, was called to Milwaukee by the commission Wednesday, to show that it is necessary to raise prices to that extent. He took pains of the seating capacity of the local hall with him, and the state magnates, upon seeing the limited space available, admitted the necessity of the raised prices and immediately gave their consent.

Johnston received a telegram from "Pa" Stribling Wednesday, in which the youthful fighter's manager stated that he and his party would leave for this part of the woods after Stribling's fight in Hartford, Conn., Thursday night. Stribling is donating his services for the benefit of crippled children.

WILL DRAW BIG GATE

The schoolboy battler probably will train for two days in Milwaukee, at the request of Milwaukee magnates, who have been trying for some time to sign him for a Cream City card. Johnston gave his consent to this, but stipulated that Stribling spend most of his time before the Appleton card in this city. According to Johnston, Milwaukee magnates told him that although there is a big fight scheduled for that city April 11, the drawing power of the Stribling-Quinn card will draw many Milwaukee fans to this city. In fact, they state Appleton card is one of the biggest scheduled for the middle west in some years, and should attract fans from all over the section.

Stribling will have a considerable weight handicap over Quinn. The Georgia boy fights at 164 pounds, while Quinn plans to weight in at 158 pounds on the day of the fight. Six pounds is a considerable margin, but the Gunner is tough and a hard hitter, while it is said that Stribling does not possess a knockout punch. The Georgia boy has been piling up plenty of experience in big bouts recently, but Joe has been in the game for years and his cleverness and ring generalship are a byword in this neck of the woods.

Milwaukee dopsters told Johnston that the promoters of the Cream-City card had been planning on a Quinn-Schoendorf match, with the odds strongly favoring Quinn. Schoendorf fought Stribling at one time, and lost his fight by a big margin, and experts who have seen all three of the scrapers in action claim Quinn will have a fair chance to hold his own.

SET HIGHER RATES

The fact that Stribling outpointed Mike McTigue in their recent battle adds considerably to his drawing power. If weather conditions remain favorable, indications point to one of the largest crowds in years for the April 11 card, despite the increased price of admission. According to Johnston, the committee of businessmen backing the Appleton card has advised that from \$3 to \$5 be charged, and he intends to adopt these rates. No preliminary boys have been signed as yet, but in all probability Washie Hendricks of Kaukauna and King Schvebs of Hortonville will fight a couple of good scrapers in their class as added attractions. Now that Johnston has been freed from worry over the main go, he will devote all his time to arranging the rest of the card, which will be announced in a few days.

Newark, N. J.—Future plans of Young Stribling, southern schoolboy boxer who won a newspaper decision Monday night over Mike McTigue, world's champion lightweight champion, were announced on Wednesday. Young Stribling will give an exhibition match at Hartford, Conn., Thursday night; fight Joe Quinn ten rounds at Appleton, Wis., on April 11; and then return to his southland, where he has bouts scheduled on April 25, and 29 at Norfolk, Va., and Atlanta, Ga. He will meet an unselected opponent about June 2 at Dreamland park, Newark, N. J.

Spurns Salary Raise, Catcher Wants To Work

St. Petersburg, Fla.—One of the few members of the seventh place Braves who got a raise this year was Frank Gibson, second string catcher. Gibson didn't catch many games but he did well in those which he did catch, so the management decided to increase his pay. And then lo and behold! Mr. Gibson returns his contract with the following remarks: "Your money is all right, but what I want is work. Unless I get assurance that I will catch at least half the games this year I won't report."

The assurances not being forthcoming, Mr. Gibson kept his word and refused to report.

New York—Albert Cutler won the national junior 132 poundline billiard championship by defeating Taduo Suganuma of Japan, defending champion.

U. S. ENTERS 16 OF 19 OLYMPIC GAMES

By Associated Press
New York — Entry of the United States is assured in 16 of the remaining 19 branches of 1924 Olympic competition, according to the American Olympic committee, thus forecasting the greatest combined attack this country's athletic force ever has launched for international honors.

There is also a possibility that America may make the list complete by also entering the Greco-Roman wrestling, weight lifting and yachting, but this has not yet been determined.

The next features on the Olympic program in France are rugby, May 3, to 19; soccer football, May 15, to June 9, and polo, June 19, to July 4, and entries for each of these already have been forwarded.

BASEBALL MEETING CALLED FOR FRIDAY

With the opening of the Wisconsin State League baseball season due in a month, David Smith, acting manager of the Appleton club in place of Walter Miller, has called a meeting of all those interested in keeping the game going here for Friday afternoon in the Elks clubhouse.

It is planned to discuss the raising of funds at the Friday meeting. The present plan calls for the selling of season tickets to all businessmen of the city and raising the capital stock from \$2,000 to \$4,000.

If Appleton is to stay in the State league, it will be necessary for all fans to give their full support, and all those who desire to have a chance to watch the games here next summer are requested to be present at the Friday convocation.

PANCHO VILLA BATTLES TREMACHINE IN CLEVELAND

Cleveland, O.—A twelve round decision bout between Pancho Villa, flyweight champion, and Carl Tremaine, Cleveland bantamweight, here on April 23 was approved on Wednesday by the investigating committee of the Cleveland boxing commission. No permit for the show will be granted, however, until the full card of four bouts is approved and provisions of the commission rules complied with. The committee also approved ten round bouts between Harry Gordon, New York, and Al Zeltner, Cleveland, lightweights, and two local heavyweights, but refused to sanction a go between Jack Wolfe, Cleveland and Jack Shawkey, New York, bantams. A suitable opponent for Wolfe is being sought.

STRANGLER'S VICTIM HAS BRAIN CONCUSSION

St. Louis—Jimmy London of St. Louis, who was injured in his wrestling match with Ed (Strangler) Lewis here Tuesday night, suffered a slight concussion of the brain. It was revealed by physicians after an examination on Wednesday. London's condition, however, is not regarded as serious.

Majors Approach End Of Spring Training

Babe Ruth Goes Hitless While
Matters Rap Out Eight Four-
Batters in Game with
Rochester Club.

By Associated Press
The arrival of Emory Pappert, Rigney's sensational shortstop, at the Detroit Tigers' training camp, with the announcement that the hip ailment which threatened to keep him out of the game has been removed, was pleasantly received by Manager Cobb and his players alike. Rigney's presence in the game will about couple the club with Cleveland as the two most dangerous rivals of the New York Yankees for the pennant.

The Detroit shortstop on his arrival told Manager Cobb that he is completely recovered after taking treatment at Rochester, Minn.

The Tigers took another wallop at the Toronto Internationals Wednesday and after a game at Asheville, N. C. Thursday will return to Augusta for a three-day workout before playing their first exhibition game with a major league team, Cincinnati, which they meet at Atlanta.

The Philadelphia Nationals get home Thursday from Leesburg, Va., and will prepare themselves at home for their series with their American league rivals Saturday. The Athletics broke camp Wednesday night. Both clubs are in fine condition.

MARKSMEN OPEN WAR ON VERMIN; PRIZES OFFERED

Contest Is Aimed Chiefly at
Crows But Other Nuisances
Are Included

Hunters and marksmen throughout the country have declared war on a number of birds, beasts and reptiles classed as vermin because of their tendency to destroy more useful members of the animal world, and a campaign soon will be started for this purpose in Appleton and the vicinity.

Gordon Chamberlin, secretary-treasurer of the Appleton Angling and Shooting club, has made arrangements to enter anyone who desires in the international crow shooting contest, sponsored by the du Pont Co.

Shooters will compete for valuable merchandise to be awarded to winners of the "Grand International Individual Contest" and the "Grand International Team Race." Chamberlin expects to have entry blanks in his possession within a few days, and as soon as they arrive he will be ready to start the ball rolling.

RACE FOR POINTS

The contest will be a race for points, and scores will be compiled by crediting individual and team contestants with "kills" on the following basis: Crow, 1 point; sharp-shinned hawk, Cooper's hawk, Goshawk and great horned owl, 5 points each; weasel, 3 points; bobcat, 25 points; red squirrel, 2 points and snow owl, 2 points. One point will be counted for each of the following species, brought in: snapping turtle, hedgehog, starling, kingfisher, woodchuck, hunting house cat, water snake, crow, blackbird, field rat and gopher. The contest originally is intended to destroy as many crows as possible, but wherever state laws permit, the other vermin listed should also be killed.

Extra points will be awarded for killing certain number of each species on any one day. Heads and tails of the animals killed will be sufficient evidence. Where state or county boundaries are paid, a certificate from the authorized bounty officer will suffice.

PINKY OFFERED \$7,500 TO BATTLE IN OMAHA

Columbus, Neb.—Jake Isachsen, Omaha promoter, met the Mitchell, en route to the coast, at the train here on Wednesday and offered the junior welterweight champion a \$7,500 guarantee to defend his title at the first open air show. A difference of opinion as to the percentage of opinion as to the percentage of the guarantee is all that held up the signing of articles. Isachsen stated that everything would be ironed out all right as soon as he selected Mitchell's opponent.

Hopes To Come Back

CECIL LEITCH

Miss Cecil Leitch of England, famous woman golfer and former champion, is now undergoing strenuous practice in hopes of staging a comeback. She appears to have gotten plenty of distance to the drive pictured.

THRILLING CATCH SPOILS CHANCE TO LEAD IN BATTING

Jamieson Loses in Race with
Ruth After Samersault Dive
in Big Game

Lakeland, Fla.—You may recall that for months last season Charley Jamieson, the Indians leftfielder, was in the thick of the fight for the league batting championship.

At one time he was leading the great Ruth by nearly 30 points and as late as August he was but 12 points behind the pace-setting Heinemann. Then suddenly he went into a mysterious slump, and dropped steadily back, finally finishing with a .345 mark.

The critics explained the slump by saying Jamieson had been hitting over his head, and this was generally accepted as the truth.

The fact was, however, Jamieson developed a stiff neck following a somersault catch and this stayed with him for weeks, affecting his swing and timing to such an extent that he was unable to meet the ball solidly.

When he finally recovered he was too far back to catch up with the leaders.

For all that the Connie Mack discard made more hits than any other player in the league and this spring he stands out as a formidable challenger for the batting championship.

New York — Georges Carpentier, French light heavyweight, has accepted terms to meet Gene Tunney, American light heavyweight champion, in New York or New Jersey the week of June 16, Billy Gibson, Tunney's manager announced Tuesday.

The Nut Cracker

ST. PETERSBURG, Fla.—Christy Mathewson, who is here with his Braves, insists baseball is faster than it ever was.... Judging by the divorce records, or what?

Mr. Casey Stengel wishes to deny the report that his legs have gone back on him. "As a matter of fact," states the indolent Mr. Stengel, "they have not stirred in any direction whatever since the world series."

One of the natives sat in the stand watching Stuffy McInnes do his stuff at first base, pulling down high ones from the blue, and digging low ones out of the sandy loam.

"That baby can catch anything," was his comment.

"Well, you better keep him away from the hospital then," added a soliloquous neighbor.

The well-known Mr. O'Goofy is not at all surprised to hear that Senator Firpo wishes to become an actor.

"I always suspected there was some ham in him," declares the One Punch person.

That's What They Go There For!

We stood in the shade of a royal palm watching a strenuous struggle of checkers between two white-bearded octogenarians. The fortunes of war changed constantly as drive and counter drive were launched with great ferocity against the two king rows. Presently the 87-year-old battler from Indiana scored a win and his opponent retired to the side lines for treatment.

Fixing us with a confident, challenging gaze, the exultant victor demanded: "Well, sit in, sonny, and see what you can do."

We replied we did not play checkers.

"Well, what the Heck are you doing here in Florida then?"

"There's one thing you can say about our ball club," confides Dave Bancroft. "None of us is personally acquainted with Mr. Daugherty."

Old Dick Rudolph is working out with the Braves again and he doesn't look a bit different than he did when we saw him last at Valley Forge with Washington's squad.

Road Games Biggest Problem Of Coaches

Perhaps in no other sport does the psychology of performing before hostile crowds play such a big part as it does in basketball. On the courts, it is one of the toughest problems a coach has to contend with.

An enemy throng, a strange floor, strange baskets and different lighting arrangements, raise complete havoc with most quintets when they are on the road. Where the relative merits of the opposing factions are nearly equal the locale often determines the winner.

The truth of the above assertion was amply proven in the Western Conference race just closed. Every team the Northwestern was what might be called a "home" aggregation. And the Purple couldn't hardly be figured inasmuch as it didn't cop a mark.

The critics explained the slump by saying Jamieson had been hitting over his head, and this was generally accepted as the truth.

The fact was, however, Jamieson developed a stiff neck following a somersault catch and this stayed with him for weeks, affecting his swing and timing to such an extent that he was unable to meet the ball solidly.

When he finally recovered he was too far back to catch up with the leaders.

For all that the Connie Mack discard made more hits than any other player in the league and this spring he stands out as a formidable challenger for the batting championship.
